## Benefit (TT)

---

### **Mobile shower semi-professional**

Practical mobile shower to easily reach every point of the sink

The mobile shower of the semi-professional taps with high spout allows you to easily reach every point of the sink for more practical and comfortable use, as well as easier cleaning

### **Energy Saving Cartridge**

Energy saving thanks to the special Energy Saving Cartridge (ESC) function

With the ESC function, the tap lever set in a central position supplies only cold water, instead of mixed cold and hot water as usual, saving in energy consumption. For hot water, the lever must be turned to the left

### **Water Saving Cartridge**

Water consumption can be reduced thanks to the special Water Saving Cartridge (WSC) function

With the WSC function, the tap lever stops first halfway, providing only 50% of the normal water flow, reducing water consumption. It is possible to deliver 100% water flow by completely opening the tap lever

Spout rotation 180°

### **Double jet**

Double jet shower to meet different needs in the kitchen

The double jet shower offers the possibility of simply switching between standard and spray modes for greater convenience and versatility
