

# MP122S1

|                   |                      |
|-------------------|----------------------|
| Product Family    | Microwave            |
| Category          | Built-in             |
| Installation type | Built-in             |
| Installation      | Under counter        |
| Power supply      | Electric             |
| Cooking Method    | Microwave with grill |
| Control           | Electronic           |

## Controls

|                         |                   |                 |       |
|-------------------------|-------------------|-----------------|-------|
| Display / Clock         | 1 a LED           | No. of controls | 2     |
| Type of control setting | Control knobs     | Control knobs   | Linea |
| Opening                 | Mechanical button |                 |       |

## Options

|                               |                |                       |     |
|-------------------------------|----------------|-----------------------|-----|
| Timer                         | Electronic     | Showroom demo option  | Yes |
| Time-setting options          | Start and stop | Controls Lock / Child | Yes |
| End of cooking acoustic alarm | Yes            | Safety                |     |

## Technical Features

|                           |                 |  |                |
|---------------------------|-----------------|--|----------------|
| Cavity material           | Stainless steel | Door opening                           | Side-opening   |
| No. of lights             | 1               | Total no. of door glasses              | 2              |
| Light type                | Incandescent    | Safety Thermostat                      | Yes            |
| Light power               | 20 W            | Cooling system                         | Tangential     |
| Ceramic base              | Yes             | Microwave screen protection            | Yes            |
| Light when door is opened | Yes             | Microwave stops when door is opened    | Yes            |
| Grill type                | Heating element | Usable cavity space dimensions (HxWxD) | 220x350x280 mm |
| Tilting grill             | Yes             |  |                |
| Grill - power             | 1250 W          |  |                |

|                           |       |
|---------------------------|-------|
| Microwave effective power | 850 W |
|---------------------------|-------|

Accessories Included

|      |   |
|------|---|
| Grid | 1 |
|------|---|

Performance / Energy Label

|               |      |              |      |
|---------------|------|--------------|------|
| Usable volume | 22 l | Gross volume | 23 l |
|---------------|------|--------------|------|

Electrical Connection

|                   |        |                           |           |
|-------------------|--------|---------------------------|-----------|
| Plug              | No     | Voltage (V)               | 220-240 V |
| Nominal power (W) | 2700 W | Frequency (Hz)            | 50 Hz     |
| Current           | 11 A   | Power supply cable length | 150 cm    |

## Symbols glossary

|  |   |   |  |
|--|---|---|--|
|    | Surfaceplus ceramic base: Surfaceplus ceramic base for a microwave oven - no turntable required, and the whole surface can be used for cooking.   |    | Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.   |
|    | Microwave energy shortens cooking times dramatically and produces energy savings.   |    | Defrost by time: with this function the time of thawing of foods are determined automatically.   |
|    | Defrost by weight: With this function the defrosting time is determined   |    | Double glazed doors: Number of glazed doors.   |
|    | Grill element: Using of grill gives excellent results when cooking meat of medium and small portions, especially when combined with a rotisserie (where possible). Also ideal for cooking sausages and bacon. |    | Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food. |
|   | Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.   |   | Pizza microwave: This function cooks pizza quicker thanks to the microwaves. To optimize the final result, use the function combined with the Chef plate   |
|  | Tilting grill: the tilting grill can be easily unhooked to move the heating element and clean the roof of the appliance in one simple step.   |  | The capacity indicates the amount of usable space in the oven cavity in litres.  |
