Usable cavity space dimensions (HxWxD)

220x350x280 mm

Microwave effective power

850 W

Electrical Connection

Plug	Not present	Voltage (V)	220-240 V
Nominal power	2700 W	Frequency (Hz)	50 Hz
Current	11,7 A	Power supply cable length	150 cm

Compatible Accessories

KITMP38

Thin bar to change microwave ovens height from 39cm to 38cm

Symbols glossary

	Surfaceplus ceramic base: Surfaceplus ceramic base for a microwave oven - no turntable required, and the whole surface can be used for cooking.		Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.
	Microwave energy shortens cooking times dramatically and produces energy savings.		Double glazed doors: Number of glazed doors.
	Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.		The capacity indicates the amount of usable space in the oven cavity in litres.

Benefit (TT)

Electronic control

Timely temperature management and heat uniformity

Child control lock

Thanks to the child safety lock, the microwave provides peace of mind for parents while improving overall safety in the home environment
