

MP822PO

Product Family	Microwave
Category	Built-in
Installation type	Built-in
Installation	Under cupboard
Power supply	Electric
Cooking Method	Microwave with grill
Control	Electronic

Controls

Display / Clock	1 a LED	Control knobs	Colonial
Type of control setting	Control knobs	Controls colour	Cream
No. of controls	2		

Options

Timer	Electronic	Showroom demo option	Yes
Time-setting options	Start and stop	Controls Lock / Child	Yes
End of cooking acoustic alarm	Yes	Safety	

Technical Features

Cavity material	Stainless steel	Grill - power	1250 W
No. of lights	1	Total no. of door glasses	2
Light type	Incandescent	Safety Thermostat	Yes
Light Power	20 W	Cooling system	Tangential
Ceramic base	Yes	Microwave screen protection	Yes
Light when door is opened	Yes	Microwave stops when door is opened	Yes
Grill type	Heating element	Usable cavity space dimensions (HxWxD)	220x350x280 mm
Tilting grill	Yes		

Microwave effective power 850 W

Accessories included

Grid 1

Performance / Energy Label

Usable volume

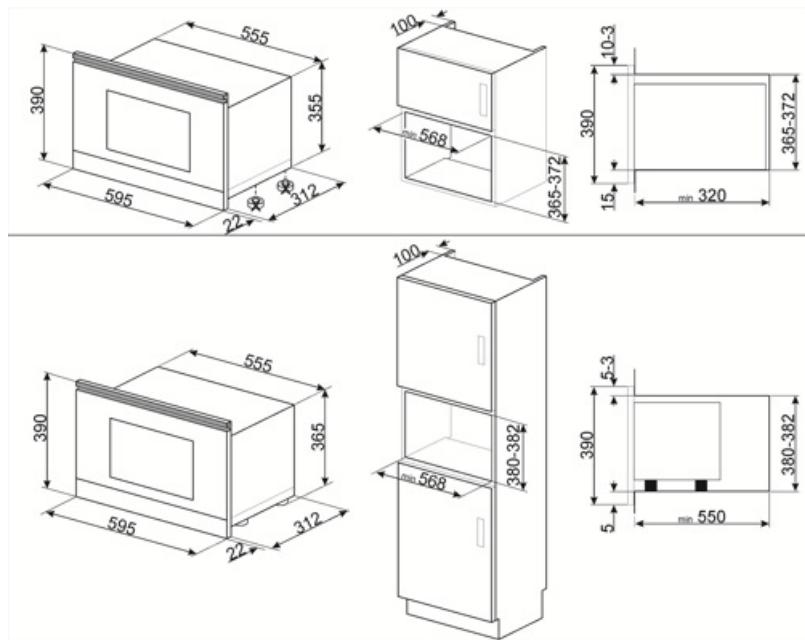

22 l

Gross volume

23 l

Electrical Connection

Plug	Not present	Voltage (V)	220-240 V
Nominal power	2700 W	Frequency (Hz)	50 Hz
Current	11.7 A	Power supply cable length	150 cm

Symbols glossary

Surfaceplus ceramic base: Surfaceplus ceramic base for a microwave oven - no turntable required, and the whole surface can be used for cooking.

Microwave energy shortens cooking times dramatically and produces energy savings.

Defrost by weight: Automatic defrost function. You choose the type of food to defrost from the available categories (MEAT - FISH - BREAD - DESSERTS). After entering the weight of the food, the oven automatically defines the time required for proper defrosting.

Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes.

Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.

Tilting grill: the tilting grill can be easily unhooked to move the heating element and clean the roof of the appliance in one simple step.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Defrost by time: Manual defrost function. At the end of the set duration, the function stops.

Double glazed doors: Number of glazed doors.

Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.

Pizza microwave: This function cooks pizza quicker thanks to the microwaves. To optimize the final result, use the function combined with the Chef plate.

The capacity indicates the amount of usable space in the oven cavity in litres.
