

MWD24XU

Product family	Microwave oven
Category	Built-in
Installation	Under-cabinet
Power source	AC
Cooking Method	Microwave
Oven controls	Electronic

Controls

Display Controls	1 LED Touch controls	Opening	Electrical button

Options

Timer	Electronic	Child safety lock	Yes
End-of-cooking acoustic alarm	Yes		

Technical Features

Cavity material	SGCC painted	Microwave door protection screen	Yes
No. of lights	1	Microwave stops when door is opened	Yes
Lighting	Incandescent	Inner cavity dimensions (HxWxD)	439x424x200 mm
Ceramic base	Yes	Microwave effective power	1000 W
Total no. of door glasses	1		

Electrical Connection

Nominal power 1500 W
Current 14 A
Voltage 120 V

Frequency 60 Hz
Power cord length 51 3/16 "

Symbols glossary

Surfaceplus ceramic base: Surfaceplus ceramic base for a microwave oven - no turntable required, and the whole surface can be used for cooking.

Microwave energy shortens cooking times dramatically and produces energy savings.

Defrost by weight: With this function the defrosting time is determined

Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Defrost by time: with this function the time of thawing of foods are determined automatically.

Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.

Benefit (TT)

Electronic control

Timely temperature management and heat uniformity

Touch control

Easy operation of the display and cooking by touch

Child control lock

Thanks to the child safety lock, the microwave provides peace of mind for parents while improving overall safety in the home environment
