

# RC33SNZA

|                          |                |
|--------------------------|----------------|
| Product Family           | Refrigerator   |
| Installation             | Free standing  |
| Category                 | Bottom Mount   |
| Reference width          | Until 60       |
| Reference height         | 160 - 200      |
| Sistema Total No - Frost | Yes            |
| Cooling type             | Total No Frost |
| Defrost                  | Automatic      |
| Hinge type               | Standard       |
| Hinge position           | Right          |
| Reversible door          | Yes            |
| EAN code                 | 8017709344825  |

## Aesthetics

|             |               |                              |                       |
|-------------|---------------|------------------------------|-----------------------|
| Aesthetic   | Universale    | Side material                | Steel                 |
| Colour      | Pet Inox Look | Side colour                  | Dark grey             |
| Finishing   | Fingerproof   | Logo                         | Applied               |
| Design      | Flat          | Color of glass shelf profile | Silver                |
| Material    | Steel Effect  | Display                      | LED                   |
| Handle      | Integrated    | Display porition             | Interno (cella frigo) |
| Logo colour | Silver        |                              |                       |

## Refrigerator compartment features

|   |          |   |       |
|---|----------|---|-------|
| No. of adjustable shelves               | 3        | Bottle shelf                            | Yes   |
| Number of fruit and vegetables drawers  | 1        | Type of crisper/vegetable drawers cover | Glass |
| Type of adjustable shelves              | Glass    | No. of lights refrigerator compartment  | 1     |
| Type of crisper/vegetable drawers cover | Standard | Internal light in fridge                | Yes   |
| Crisper Cover                           | Yes      | Type of internal light (fridge)         | LED   |

## Refrigerator Inner Door

|                                   |   |
|-----------------------------------|---|
| Number of adjustable door shelves | 2 |
|-----------------------------------|---|

## Other Refrigerator features

Accessories  
MultiFlow

Bottle holder, Egg tray  
Yes

**Fan**

Yes

## Freezer compartment features

Number of drawers 3

## Other Freezer features

Accessories 2 ice boxes

## Other technical features

Functions display

Fast freezing, ECO

Fast freezing button

Yes

Door open alarm

Yes

Type of temperature control

Electronic

No. of compressors

1

Refrigerant gas type

R600a

Type of compressor

Inverter

Refrigerant Quantity (gr)

50 g

Foam agent

Cyclopentane

## Performance / Energy Label - Reg. 2019

|  |       |                                     |                  |
|--|-------|-------------------------------------|------------------|
| Total net volume   | 324 l | Airborne acoustical noise emissions | 42 dB(A) re 1 pW |
| Sum of the volumes of the frozen compartment(s)                                | 94 l  | 4 star - Freezing capacity          | 5.0 Kg/24h       |
| Sum of the volumes of the chill compartment(s) and the unfrozen compartment(s) | 230 l | Climate class                       | SN, T            |

## Electrical Connection

|                              |              |                           |           |
|------------------------------|--------------|---------------------------|-----------|
| Plug                         | (F;E) Schuko | Voltage (V)               | 220-240 V |
| Electrical connection rating | 145 W        | Frequency (Hz)            | 50 Hz     |
| Current                      | 1,1 A        | Power supply cable length | 210 cm    |

---

## Symbols glossary

---

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption.

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Multiflow Cooling System: the Multiflow ventilation system allows an even distribution of cool air around the fridge cabinet.

---

## Benefit (TT)

---

### **No-Frost system**

The No Frost system prevents the formation of ice and contributes to better preservation of food in the refrigerator

### **Plastic multiflow system**

The Multiflow system ensures even distribution of cold air inside the refrigerator

### **Fan**

The fan contributes to an even distribution of air inside the refrigerator

### **Refrigerant gas R600a**

Environmentally friendly R600a refrigerant gas contributes to rapid cooling with lower energy consumption

### **Reversible door**

Reversible door ensures flexible installation and space optimisation

### **Refrigerator Internal lighting**

Interior lighting for perfect visibility of shelves in the refrigerator compartment

### **Fruit and vegetable drawer**

The fruit and vegetable drawer ensures the best storage conditions for fresh food, avoiding any contamination

### **Inverter compressor**

Inverter compressor reduces noise and vibration levels for a quiet and comfortable kitchen environment

Inverter compressor technology offers significant advantages for refrigeration systems, improving both performance and efficiency. Better temperature control ensures a more stable and constant indoor environment, preserving the freshness of food. This technology also results in reduced energy consumption, as the compressor adjusts its speed according to cooling needs.

### **Internal display**

Internal display for targeted temperature control and a clean, minimalist design
