

RF376RSIX

Product Family	Refrigerator
Installation	Free standing
Category	Bottom Mount
Built-in niche	>200
Reference width	70 - 80
Reference height	Higher than 200
Sistema Total No - Frost	Total
Cooling type	Fan assisted refrigerator, no-frost freezer
Defrost	Automatic
Hinge type	Door on door
Hinge position	Right
EAN code	8017709205041

Aesthetics

Aesthetic	Classica	Logo colour	Chrome
Colour	Stainless steel	Side material	Stainless steel
Design	Flat	Side colour	Stainless steel
Material	Stainless steel	Logo	Applied
Handle	External	Display	LCD Touch
Handle type	Fixed	Display position	
Handle colour	Stainless steel	Water Filter	Internal

Refrigerator compartment features

No. of adjustable shelves	3	Type of crisper/vegetable drawers cover	Glass
Number of fruit and vegetables drawers	1	Life Plus zone-0°C	Yes
Type of adjustable shelves	Glass	Internal light in fridge	Yes
Crisper Cover	Yes	Type of internal light (fridge)	LED

Refrigerator Inner Door

Number of adjustable door shelves	2	Bottle shelves with wire support	Yes
No. of bottle shelves	1		

Other Refrigerator features

MultiFlow

Yes

Ionizer

Freezer compartment features

Number of drawers

2

Internal light in freezer

Yes

Type of internal light
(freezer)

LED

Other Freezer features

Ice maker

Automatic

Ice tray shelf

Yes

Other technical features

Functions display

Holiday, Fast freezing, Fast cooling, MultiZone, Control lock, Temperature alarm, Cooling timer, Demo Mode, Sabbath

MultiZone

Yes

Water network connection

Temperature alarm lamp

Yes

Temperature Alarm

Acoustic and visual

Type of temperature control

Electronic

No. of compressors

Electrical Connection

Plug	(F;E) Schuko	Voltage (V)	220-240 V
Electrical connection rating	240 W	Frequency (Hz)	50 Hz
Current	1,4 A	Power supply cable length	250 cm

Symbols glossary

	4 stars freezing compartment for better food preservation.		The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.
	Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.		A+: Energy efficiency class A+ helps to save up to 10% energy compared to class A. Maximum performance with minimum consumption is guaranteed.
	Energy efficiency class F		LCD display: to optimize performance and simplify the use of the appliance.
	Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.		Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.
	LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.		Life Plus 0°C: The temperature in the Lifeplus compartments is kept at 0°C, which preserves fresh meat and fish longer.
	Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.		Multiflow Cooling System: the Multiflow ventilation system allows an even distribution of cool air around the fridge cabinet.
	Multizone: Multizone compartment can be used as a refrigerator or a freezer compartment. Depending on your needs and eating habits, you can select settings, program the temperature using.		No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
	SABBATH: function that allows to cook food respecting Judaism's day of rest provisions.		

Benefit (TT)

Plastic multiflow system

The Multiflow system ensures even distribution of cold air inside the refrigerator

Multizone (variable temperature compartment)

The Multizone system isolates a freezer compartment with adjustable temperature independent of the main compartment, to give maximum storage flexibility

The Multizone compartment can be used both as a freezer and as a refrigerator. Depending on one's needs and eating habits, each user can choose how to set it, programming the temperature via the external display.

Refrigerant gas R600a

Environmentally friendly R600a refrigerant gas contributes to rapid cooling with lower energy consumption

Climate class

Climatic class SN-T makes the appliance suitable for working at room temperature between 10 °C and 43 °C (50 °F ~ 109 °F)

Self-supporting hinges

Self-supporting hinges ensure a perfect fit between the equipment door and the cabinet door, giving the product a minimalist and elegant appearance

External handle

The external handle ensures practicality and ease of use of the refrigerator

Life Plus 0°

Temperature-controlled Life Plus compartment for optimal storage of specific food categories

Refrigerator Internal lighting

Interior lighting for perfect visibility of shelves in the refrigerator compartment

Freezer internal lighting

Interior lighting for perfect visibility of the drawers in the freezer compartment

Fruit and vegetable drawer

The fruit and vegetable drawer ensures the best storage conditions for fresh food, avoiding any contamination

Inverter compressor

Inverter compressor reduces noise and vibration levels for a quiet and comfortable kitchen environment

Inverter compressor technology offers significant advantages for refrigeration systems, improving both performance and efficiency. Better temperature control ensures a more stable and constant indoor environment, preserving the freshness of food. This technology also results in reduced energy consumption, as the compressor adjusts its speed according to cooling needs.

Automatic Ice Maker

Automatic ice maker for ice always available when needed

The automatic ice maker is connected directly to the kitchen water supply, so there is no need to manually fill any tanks. This saves considerable time and ensures hygiene and convenience.
