Symbols glossary

4 stars freezing compartment for better food preservation.

A+: Energy efficiency class A+ helps to save up to 10% energy compared to class A. Maximum performance with minimum consumption is guaranteed.

LCD display: to optimize performance and simplify the use of the appliance.

Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.

Life Plus 0°C: The temperature in the Lifeplus compartments is kept at 0°C, which preserves fresh meat and fish longer.

Air plus: keeps food fresher for longer.

No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.

Energy efficiency class F

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.

Multizone: Multizone compartment can be used as a refrigerator or a freezer compartment. Depending on your needs and eating habbits, you can select settings, program the temperature using.

Sabbath: This function allows you to cook food whilst respecting the provisions of the Jewish day of rest.
