SAHP83S

EAN Code	8017709336578
Product Family	Tumble dryer
Commercial width	60cm
Commercial depth	Standard (54cm)
Installation	Free-standing
Drying system	Heat pump condenser
Load type	Frontal

Aesthetics

Colour	White	**Front panel type**	NovaCare
Front panel colour	White	**Door colour**	Black with chrome ring
LED/display colour	White	**Door handle color**	Black
Function buttons colour	Black	**Cabinet colour**	White
Control knob colour	Black/Chrome		

Programs

Controls	Electronics
Programme graphics	Written in EN
No. of programmes	15

Programmes

Cotton ECO	Steam Refresh	Quick Dry
Quiet Dry	DownWear	Outdoor/Sportswear
Hygiene Refresh	Hygiene Dry	Mixed
Shirts	Denim	Cotton
Synthetic	Timed Programmes	Wool

Special programmes

Hygiene Dry	Hygiene Refresh	Steam Refresh
Wool	Shirts	

Display

Drying Level	Program duration	Delay start

Residual time indicator

Display type	LED DISPLAY
Programme progress indicator	
End of cycle indicator	
Clean filter indicator	Yes
Condenser container full indicator	Yes

Technical Features

Type of motor	Brushless/Inverter	**Drum volume**	110 l
Functioning	Electronic control	**Transparent door**	Yes
Humidity sensor	Yes	**Door size**	40 cm
Time drying selection	From 10 to 160 min	**Max. door opening angle**	155 °
Cooling down phase	Yes	**Door hinges**	Right
Anti-iron phase	Yes	**Reversible door**	Yes
Alternate drum rotation	Yes	**Child lock (programme set lock)**	Yes
Internal light	Yes	**Water condenser position**	At the top
Combined filter	Yes	**Heating pump system**	Yes
Fluff filter	Yes	**Condenser water drain hose**	Yes
Drum material	Stainless steel	**Column installation, with compatible washing-machine**	With stacking kit, available as optional accessory

Performance / Energy label – Reg 2023

Load capacity (cotton)	8 kg	**Type**	Heat Pump
Noise level for the standard cotton programme at full load	63 dB(A) re 1 pW		

Electrical Connection

Connected power	800 W	**Frequency (Hz)**	50 Hz
Current	10 A	**Power supply cable length**	150 cm
Voltage (V)	220-240 V	**Plug**	(I) Australia

Logistic Information

Width (mm)	598 mm	**Product Height (mm)**	846 mm
Depth (mm)	607 mm		

Compatible Accessories

KITSPNC1

Symbols glossary

Easy Iron: this is an option which can be selected to ensure the finished laundry is left with less creases to make ironing easier.

A+++: Appliances with this symbol can reduce energy consumption by a further 30% from the standard A energy rating.

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

This shows the amount of laundry that can be inserted into the tumble dryer in KG.

End: Show the stage at which the program is in progress: the program has finished.

Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.

PRG_DR_COTTON_72dpi

Short ventilation for cotton and linen garments without blowing hot air

To dry wool clohtes placed on a suitable basket

Gym: Gym, a cycle designed for washing lightly soiled garments, ie sports wear, this is a fast wash which is also kind to fabrics.

Steam Option: the steam is perfect for smoothing out creases, refreshing fabrics, neutralizing odors and releasing dirt, destroying allergens more quickly than by washing the item in water.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Delay timer: can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.

40 cm: Large loading hatch of 40 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.

Humidity sensor: allows to adjust dryer to obtain the desired drying level (Iron dry, Cupboard dry and Extra dry), saving time and reducing energy consumption. In addition, manual adjusting allows you to program drying time according to your preferences.

Internal lights: help to illuminate the inside of the drum.

Use to wash your normally soiled, durable cotton and linen laundry. Although it washes longer than all other programmes, it provides high energy and water savings. Actual water temperature may be different from the stated wash temperature. When you load the machine with less laundry (e.g. ½ capacity or less), programme time may automatically get shorter. In this case, energy and water consumption will decrease more, providing a more economic wash. This programme is available in the models with the remaining time indicator.

For high speed centrifuged jeans

Selection of timed cycles at low temperatures

Shirts: a cycle to wash shirts in a short time with the utmost care, using a delicate spin for easy ironing.

Wool: this programme for wool or delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.

Shows the phase of program: Shows the phase in which the program is being.

SILENT: Wash cycle suitable for normally soiled dishes, even with dried-on residues. Ensures maximum noise reduction and is therefore ideal if you wish to run it during the night.

Program for delicately treating garments in synthetic or mixed fabrics, such as t-shirts and blouses.

Special program for garments / fabrics, such as children's clothes, which require sanitized and delicate washing.
