

SAHP83S

EAN Code	8017709336578
Product Family	Tumble dryer
Commercial width	60cm
Commercial depth	Standard (54cm)
Installation	Free-standing
Drying system	Heat pump condenser
Load type	Frontal

Programs

Controls	Electronics	
Programme graphics	Written in EN	
No. of programmes	15	
Programmes		
 Cotton ECO	 Steam Refresh	Quick Dry
 Quiet Dry	DownWear	 Outdoor/Sportswear
 Hygiene Refresh	Hygiene Dry	Mixed
Shirts	 Denim	 Cotton
 Synthetic	 Timed Programmes	 Wool
Special programmes		
Hygiene Dry	Hygiene Refresh	Steam Refresh
 Wool	 Shirts	
Display		
Drying Level	Program duration	Delay start
Residual time indicator		

Display type	
Programme progress indicator	
End of cycle indicator	
Clean filter indicator	Yes
Condenser container full indicator	Yes

Technical Features

Type of motor	Brushless/Inverter	Transparent door	Yes
Functioning	Electronic control	Door size	40 cm
Humidity sensor	Yes	Max. door opening angle	155 °
Time drying selection	From 10 to 160 min	Door hinges	Right
Cooling down phase	Yes	Reversible door	Yes
Anti-iron phase	Yes	Child lock (programme set lock)	Yes
Internal light	Yes	Water condenser position	At the top
Condenser filter	Yes	Heating pump system	Yes
Fluff filter	Yes	Condenser water drain hose	Yes
Drum material	Stainless steel	Column installation, with compatible washing-machine	With stacking kit, available as optional accessory
Drum volume	110 l		

Performance / Energy label – Reg 2023

Load capacity (cotton)	8 kg	Type	Heat Pump
Noise level for the standard cotton programme at full load	63 dB(A) re 1 pW		

Electrical Connection

Connected power	800 W	Frequency (Hz)	50 Hz
Current	10 A	Power supply cable length	150 cm
Voltage (V)	220-240 V	Plug	(I) Australia

Logistic Information

Width (mm)	598 mm	Product Height (mm)	846 mm
Depth (mm)	607 mm		

Compatible Accessories

KITSPNC

Stacking kit dedicated to WN & DN

Symbols glossary

	Easy Iron: this is an option which can be selected to ensure the finished laundry is left with less creases to make ironing easier.		Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.
	A+++: Appliances with this symbol can reduce energy consumption by a further 30% from the standard A energy rating.		Delay timer: can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.
	LED display: to show programmes, functions and options selected and the time to the end of the cycle.		40 cm: Large loading hatch of 40 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.
	This shows the amount of laundry that can be inserted into the tumble dryer in KG.		Humidity sensor: allows to adjust dryer to obtain the desired drying level (Iron dry, Cupboard dry and Extra dry), saving time and reducing energy consumption. In addition, manual adjusting allows you to program drying time according to your preferences.
	End: Show the stage at which the program is in progress: the program has finished.		Internal lights: help to illuminate the inside of the drum.
	Inverter technology: The evolution of Smeg's dryers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.		Use to wash your normally soiled, durable cotton and linen laundry. Although it washes longer than all other programmes, it provides high energy and water savings. Actual water temperature may be different from the stated wash temperature. When you load the machine with less laundry (e.g. ½ capacity or less), programme time may automatically get shorter. In this case, energy and water consumption will decrease more, providing a more economic wash. This programme is available in the models with the remaining time indicator.
	PRG_DR_COTTON_72dpi		For high speed centrifuged jeans
	Short ventilation for cotton and linen garments without blowing hot air		Selection of timed cycles at low temperatures
	To dry wool clothes placed on a suitable basket		Shirts: a cycle to wash shirts in a short time with the utmost care, using a delicate spin for easy ironing.
	Gym: Gym, a cycle designed for washing lightly soiled garments, ie sports wear, this is a fast wash which is also kind to fabrics.		Wool: this programme for wool or delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.
	Steam Option: the steam is perfect for smoothing out creases, refreshing fabrics, neutralizing odors and releasing dirt, destroying allergens more quickly than by washing the item in water.		Shows the phase of program: Shows the phase in which the program is being.

...

Special program for garments / fabrics, such as children's clothes, which require sanitized and delicate washing.

Program for delicately treating garments in synthetic or mixed fabrics, such as t-shirts and blouses.
