Symbols glossary

Power booster: option allows the zone to work at full power when very intense cooking is necessary.

Ultra-low profile: Installation of product with flat edge - height of 1 mm.

Overheat protection: The safety system that automatically turns off the hob in case of overheating of the control unit.

Glass ceramic: The base of the hob is made glass ceramic. Heating is performed by the heating elements Hi-Light.

Overfill protection: The special overfill protection shuts down the stove in the presence of overflow of liquids.

Indication of residual heat: After the glass ceramic hob is switched off the residual heat indicator shows which of the heating zones still remains hot. When the temperature drops below 60 ° C, the indicator goes out.
