

SGR10S-V

Intrastat	84224000
Product Family	Thermosealers
EAN code	8017709133221

Programs/Functions

Rotating sealing	Yes
------------------	-----

Technical Features

Seal Margin	5-35 mm	External Housing material	AISI304
Sealing Temperature	0-220°C		

Other technical features

Sealing seam width	12mm	Sealing Speed	10 m/min
Sealing seam length max	Unlimited mm		

Electrical Connection

Plug	(F;E) Schuko	Frequency (Hz)	50 Hz
Voltage (V)	230 V		

Consumption and connections

Power Consumption Max	500 W
-----------------------	-------
