

SI1M5633D1

Product Family	Hob
Built-in type	Ultra-low profile or Fully Flushed
Dimensions	60 cm
Power supply	Electric
Type	Induction
EAN code	8017709338046

Aesthetics

Aesthetic	Universale
Colour	Black
Finishing	Glass
Material	Glass
Glass type	Ceramic
Glass edge	Straight edge
Type of control setting	Compact Lite
Slider	Yes
LED colours	Red
Control knob position	Front
Serigraphy colour	Grey

Options

Multizone Option	Yes	End of cooking alarm	Yes
Flexible Zone Type	MultiZone	Residual time indicator	Yes
Worktop Cut-Out	478-482x555-560 mm	Limited Power Consumption Mode	Si Advance
Auto Multizone	Yes	Limited Power Consumption Mode in W	2400 a 7400 - step 100 W
Double Booster	Yes	Showroom Demo Option	Yes
Keep warm automatic function	Yes	Control Lock / Child Safety	Yes
Grill function	Yes	Cleaning option	Yes
End cooking timer	3	Quick start	Yes
Pause option	Yes		

Minute minder

1

Rapid level selection

Yes

Technical Features

Front-left - Induction - Single - 2.10 kW - Booster 2.50 - 3.00 kW - Double booster 3000 kW - Ø 19.5 cm

Rear-left - Induction - Single - 2.10 kW - Booster 2.50 - 3.00 kW - Double booster 3000 kW - Ø 19.5 cm

Centre-right - Induction - Single - 2.8 kW - Booster 3.6 kW - Ø 28.0 cm

Multizone left - Booster 3700 kW - 39.0x22.0 cm

Automatic setting according to pan dimension Yes

pan detection Yes, min 9 cm

Permanent Automatic Pot Detection with indication of the relative control Yes

Automatic switch off when overheat Yes

Automatic switch off when overflow Yes

Residual heat indicator Yes

Eco-Heat Yes

Protection against accidental start up Yes

Electrical Connection

Plug Not present

Electrical connection rating (W) 7400 W

Current 33 A

Voltage (V) 220-240 V

Voltage 2 (V) 380-415 V

Type of electric cable installed Yes, Single phase

Additional connection modalities Yes, Double and Three Phase

Frequency (Hz) 50/60 Hz

Power supply cable length 120 cm

Terminal box 5 poles

Not included accessories

GRILLPLATE

Universal griddle for induction, gas, ceramic and electric hobs. Non-stick surface ideal for cooking meat, cheese and vegetables. Dimensions: 410 x 240 mm.

TPKPLATE

Universal plate for induction, gas, ceramic and electric hobs. Non-stick surface ideal for cooking fish, eggs and vegetables. Dimensions: 410 X 240 mm.

SCRP

Non-scratch hob scraper - suitable for induction and ceramic hobs

Symbols glossary (TT)

	Automatic merge of zones for a bigger area		Permanent auto pot detection
	Power booster: option allows the zone to work at full power when very intense cooking is necessary.		Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.
	The slider control panel allows you to adjust the power simply by passing your finger across the touch device.		CUT_OUT_STANDARD_72dpi
	Additional maximum power level for a better energy consumption		Eco-Heat: this function warns when the zone is still hot after being switched off. As well as ensuring maximum safety by preventing burns, this also allows you to make use of residual heat to continue cooking or keep foods hot.
	Grill function		This function allows you to keep cooked food warm without burner it
	Overheat protection: The safety system that automatically turns off the hob in case of overheating of the control unit.		Induction: The work of these hobs is based on the principle of electromagnetic induction. The heat is generated directly in the bottom of the pan during its contact with the hob.
	Multizone: allows several pans to be used at once, large or small, offering freedom of placement and greater flexibility		Overfill protection: The special overfill protection shuts down the stove in the presence of overflow of liquids.
	Min diameter pot detection of 9 cm		All cooking zones can be reduced to the minimum power level, so the hob can be left unattended for a short period without food overcooking or burning. Then just press again this function, the previously set power levels can be reactivated.
	Possibility to set the maximum power absorption of the hob		Quick selection, with one touch cooking begins at the highest level, then automatically reduces after time. Ideal for dishes that require quick boiling and then continued cooking without constant control (eg beef broth).
	Quick Start function: the chosen temperature is reached faster. The heating element works at maximum power until the right temperature is reached.		Indication of residual heat: After the glass ceramic hob is switched off the residual heat indicator shows which of the heating zones still remains hot. When the temperature drops below 60 ° C, the indicator goes out.
	Time elapsed: shows how long the cooking zone has been in use.		Timer: All ceramic hobs have a timer which automatically ends cooking after a preset time.
