

# SI2641DAU

|                |                                    |
|----------------|------------------------------------|
| Product Family | Hob                                |
| Built-in type  | Ultra-low profile or Fully Flushed |
| Dimensions     | 60 cm                              |
| Power supply   | Electric                           |
| Type           | Induction                          |
| EAN code       | 8017709341985                      |

## Aesthetics

|                         |                |
|-------------------------|----------------|
| Aesthetic               | Universale     |
| Colour                  | Black          |
| Finishing               | Glass          |
| Material                | Glass          |
| Glass type              | Ceramic        |
| Glass edge              | Straight edge  |
| Gas_replacement         | Yes            |
| Type of control setting | Touch controls |
| Slider                  | Red            |
| Control knob position   | Front          |
| Logo                    | Silk screen    |
| Serigraphy colour       | Grey           |

## Program / Functions

|                                   |     |
|-----------------------------------|-----|
| No. of induction cook zones       | 4   |
| No. of cooking zones with booster | 4   |
| Main on/off switch                | Yes |
| Power levels                      | 9   |
| Total no. of cook zones           | 4   |

## Options

|                             |                    |                                    |     |
|-----------------------------|--------------------|------------------------------------|-----|
| <b>Standard cut out</b>     | 478-482x555-560 mm | <b>Residual time indicator</b>     | Yes |
| <b>End cooking timer</b>    | 4                  | <b>Control Lock / Child Safety</b> | Yes |
| <b>Minute minder</b>        | 4                  | <b>Rapid level selection</b>       | Yes |
| <b>End of cooking alarm</b> | Yes                |                                    |     |

## Technical Features

Front-left - Induction - Single - 1.60 kW - Booster 2.10 kW - Ø 21.0 cm  
 Rear-left - Induction - Single - 1.20 kW - Booster 1.60 kW - Ø 15.0 cm  
 Rear-right - Induction - Single - 1.60 kW - Booster 2.10 kW - Ø 21.0 cm  
 Front-right - Induction - Single - 1.20 kW - Booster 1.60 kW - Ø 15.0 cm

|   |     |   |     |
|---|-----|---|-----|
| <b>Automatic setting according to pan dimension</b> | Yes | <b>Automatic switch off when overheat</b>     | Yes |
| <b>pan detection</b>                                | Yes | <b>Residual heat indicator</b>                | Yes |
| <b>Minimum pan diameter indication</b>              | Yes | <b>Protection against accidental start up</b> | Yes |

## Electrical Connection

|   |              |                                  |                  |
|---|--------------|----------------------------------|------------------|
| <b>Electrical connection rating (W)</b> | 2800 W       | <b>Power supply cable length</b> | 120 cm           |
| <b>Current</b>                          | 13 A         | <b>Terminal box</b>              | 6 poles          |
| <b>Voltage (V)</b>                      | 220-240 V    | <b>Plug</b>                      | UK               |
| <b>Type of electric cable</b>           | Single phase | <b>Plug</b>                      | Australia 15 AMP |
| <b>Frequency (Hz)</b>                   | 50/60 Hz     |                                  |                  |

---

## Compatible Accessories

---

### SCRP

Induction and ceramic hobs and  
teppanyaki scraper

### TPK

Stainless steel grill plate to cook  
Teppanyaki dishes

## Symbols glossary

|  |  |   |   |
|--|--|---|---|
|  | Power booster: option allows the zone to work at full power when very intense cooking is necessary.  |  | Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.  |
|  | Touch control  |  | CUT_OUT_STANDARD_72dpi  |
|  | Overheat protection: The safety system that automatically turns off the hob in case of overheating of the control unit.  |  | Induction: The work of these hobs is based on the principle of electromagnetic induction. The heat is generated directly in the bottom of the pan during its contact with the hob.  |
|  | Quick selection, with one touch cooking begins at the highest level, then automatically reduces after time. Ideal for dishes that require quick boiling and then continued cooking without constant control (eg beef broth). |  | Indication of residual heat: After the glass ceramic hob is switched off the residual heat indicator shows which of the heating zones still remains hot. When the temperature drops below 60 ° C, the indicator goes out. |
|  | Time elapsed: shows how long the cooking zone has been in use.   |  | Timer: All ceramic hobs have a timer which automatically ends cooking after a preset time.  |
