

SI5322B

Product Family	Hob
Built-in type	Ultra-low profile
Dimensions	30 cm
Power supply	Electric
Type	Induction
EAN code	8017709193386

Aesthetics

Aesthetic	Universale
Colour	Black
Finishing	Glass
Material	Glass
Glass type	Ceramic
Glass edge	Angled edge
Type of control setting	Touch controls
Slider	Red
Control knob position	Front
Serigraphy colour	Grey

Program / Functions

No. of induction cook zones	2
No. of cooking zones with booster	2
Main on/off switch	Yes
Power levels	9
Total no. of cook zones	2

Options

Standard cut out	490x270 mm	Residual time indicator	Yes
------------------	------------	-------------------------	-----

End cooking timer	2	Control Lock / Child Safety	Yes
Minute minder	1		
End of cooking alarm	Yes	Quick start	Yes

Technical Features

Front-centre - Induction - Single - 1.30 kW - Booster 1.40 kW - Ø 16.0 cm

Rear-centre - Induction - Single - 2.30 kW - Booster 3.00 kW - Ø 21.0 cm

Automatic setting according to pan dimension	Yes	Automatic switch off when overheat	Yes
pan detection	Yes	Residual heat indicator	Yes
Minimum pan diameter indication	Yes	Protection against accidental start up	Yes

Electrical Connection

Electrical connection rating (W)	3500 W	Type of electric cable	Single phase
Current	16 A	Frequency (Hz)	50/60 Hz
Voltage (V)	220-240 V	Power supply cable length	120 cm

Compatible Accessories

SCRP

Induction and ceramic hobs and
teppanyaki scraper

TPK

Stainless steel grill plate to cook
Teppanyaki dishes

Symbols glossary

	Power booster: option allows the zone to work at full power when very intense cooking is necessary.		Ultra-low profile: Installation of product with flat edge - height of 1 mm.
	Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.		Overheat protection: The safety system that automatically turns off the hob in case of overheating of the control unit.
	Induction: The work of these hobs is based on the principle of electromagnetic induction. The heat is generated directly in the bottom of the pan during its contact with the hob.		Quick Start function: the chosen temperature is reached faster. The heating element works at maximum power until the right temperature is reached.
	Indication of residual heat: After the glass ceramic hob is switched off the residual heat indicator shows which of the heating zones still remains hot. When the temperature drops below 60 ° C, the indicator goes out.		Time elapsed: shows how long the cooking zone has been in use.
	Timer: All ceramic hobs have a timer which automatically ends cooking after a preset time.		Touch control

Benefit (TT)

Induction hobs

Fast cooking and precise temperature control

Glass

Brightness and elegance in the kitchen: the acid-etched glass gives the surface a refined, modern look that enhances the space.

Ceramic

Stability and design even up to 700°C: the cooktop material resists high temperatures without deforming, maintaining aesthetics and functionality even with intensive use.

Immediate access to functions via touch display, for simple and intuitive control

Control knob position frontal

Instant and intuitive control thanks to front controls, easily accessible for practical use.

Nine power levels and Boost function for optimal cooking performance
