

# SOPU3302TPX

|                 |                   |
|-----------------|-------------------|
| Category        | 30"               |
| Product family  | Oven              |
| Power supply    | Electrical        |
| Power supply    | Electricity       |
| Cooking method  | Thermo-ventilated |
| Cleaning system | Self-cleaning     |
| EAN code        | 8017709313418     |

## Aesthetic

|                             |                   |                        |                           |
|-----------------------------|-------------------|------------------------|---------------------------|
| <b>Aesthetics</b>           | Classic           | <b>Silkscreen type</b> | Symbols                   |
| <b>Color</b>                | Stainless steel   | <b>Door</b>            | With 2 horizontal fascias |
| <b>Finishing</b>            | Fingerprint-proof | <b>Handle</b>          | Classic                   |
| <b>Design</b>               | Flat              | <b>Handle color</b>    | Stainless steel effect    |
| <b>Material</b>             | Stainless steel   | <b>Logo</b>            | Embossed                  |
| <b>Stainless steel type</b> | Brushed           | <b>Control knobs</b>   | Classic                   |
| <b>Glass type</b>           | Eclipse           | <b>Controls color</b>  | Stainless steel effect    |
| <b>Silkscreen color</b>     | Black             |                        |                           |

## Controls

|  |           |                         |               |
|--|-----------|-------------------------|---------------|
|  |           |                         |               |
| <b>Display name</b>  | EvoScreen | <b>Controls setting</b> | Control knobs |
| <b>Display technology</b>  | LCD       | <b>No. of controls</b>  | 2             |

## Programs / Functions

|                                 |   |
|---------------------------------|---|
| <b>No. of cooking functions</b> | 9 |
|---------------------------------|---|

## Traditional cooking functions

|        |                                   |                          |
|--------|-----------------------------------|--------------------------|
| Static | Fan-assisted                      | True European convection |
| Turbo  | Large grill                       | Fan grill (large)        |
| Bottom | Circular heating element + Bottom | Pizza                    |

## Other functions

|                 |       |         |
|-----------------|-------|---------|
| Defrost by time | Proof | Sabbath |
|-----------------|-------|---------|

## Cleaning functions

|                     |
|---------------------|
| Self-cleaning cycle |
|---------------------|

## Options

|                             |  |                                |     |
|-----------------------------|--|--------------------------------|-----|
| <b>Time-setting options</b> | Delayed start and automatic shut-off when cooking ends | <b>Cooking with food probe</b> | Yes |
| <b>Minute minder</b>        | Yes  | <b>Showroom mode</b>           | Yes |
| <b>Timer</b>                | 2  | <b>Rapid pre-heating</b>       | Yes |
| <b>Other options</b>        | Keep-warm, Eco light, On/off tones                     |                                |     |

## Technical Features

|                                      |         |  |                  |
|--------------------------------------|---------|--|------------------|
| <b>Minimum Temperature</b>           | 122 °F  | <b>Heating elements stop when door is opened</b> | Yes              |
| <b>Maximum temperature</b>           | 536 °F  | <b>Door opening</b>                              | Standard opening |
| <b>No. of shelves</b>                | 5       | <b>Door</b>                                      | Cool-touch door  |
| <b>Fan</b>                           | Single  | <b>Removable door</b>                            | Yes              |
| <b>No. of lights</b>                 | 2       | <b>Full-glass inner door</b>                     | Yes              |
| <b>Lighting</b>                      | Halogen | <b>Total no. of door glasses</b>                 | 4                |
| <b>Replaceable light</b>             | Yes     | <b>Cooling system</b>                            | Tangential       |
| <b>Light power</b>                   | 40 W    | <b>Cooling duct</b>                              | Double           |
| <b>Light on when door is open</b>    | Yes     | <b>Cooling System Speed Reduction</b>            | Yes              |
| <b>Lower heating element power</b>   | 1700 W  | <b>Door lock during self-cleaning cycle</b>      | Yes              |
| <b>Upper heating element - Power</b> | 1200 W  | <b>Inner cavity dimensions (HxWxD)</b>           | 442x585x437 mm   |
| <b>Grill element - power</b>         | 1700 W  |  |                  |

|   |        |                            |                  |
|---|--------|----------------------------|------------------|
| <b>Large grill - Power</b>              | 2900 W | <b>Temperature control</b> | Electronic       |
| <b>Circular heating element - Power</b> | 2000 W | <b>Cavity material</b>     | EverClean enamel |

## Performance / Energy Label

|  |              |   |          |
|--|--------------|---|----------|
|  |              |   |          |
| <b>Energy efficiency class</b>   | A            | <b>Energy consumption in forced air convection</b>                | 3.06 MJ  |
| <b>Volume of the cavity</b>  | 3.92 cu. ft. | <b>Energy consumption per cycle in fan-forced convection mode</b> | 0.85 KWh |
| <b>Energy consumption per convection cycle</b>                                   | 1.00 KWh     | <b>Number of cavities</b>   | 1        |
| <b>Energy consumption in conventional mode</b>                                   | 3.60 MJ      | <b>Energy efficiency index</b>                                    | 83,3 %   |

## Accessories Included

|  |   |                          |                         |
|--|---|--------------------------|-------------------------|
|  |  |                          |                         |
| <b>Rack with back stop</b>   | 2   | <b>Temperature probe</b> | Yes, single-point probe |
| <b>Telescopic Guide rails, total Extraction</b>                                  | 1   |                          |                         |

## Electrical Connection

|                      |           |                          |          |
|----------------------|-----------|--------------------------|----------|
| <b>Voltage</b>       | 230 V     | <b>Current</b>           | 20 A     |
| <b>Nominal power</b> | 5900 W    | <b>Frequency</b>         | 60 Hz    |
| <b>Voltage</b>       | 120/208 V | <b>Power cord length</b> | 45 1/4 " |

## Symbols glossary (TT)

|  |   |
|--|---|
|  <p>A: Product drying performance, measured from A+++ to D / G depending on the product family</p>   |  <p>Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.</p>   |
|  <p>Air cooling system: to ensure a safe surface temperatures.</p>   |  <p>Defrost by time: with this function the time of thawing of foods are determined automatically.</p>   |
|  <p>Quadruple glazed: Number of glazed doors.</p>  |  <p>Automatic lighting switches off: for greater energy savings, the lighting switches off automatically after one minute from the start of cooking.</p>   |
|  <p>Electric</p>   |  <p>Enamel interior: The enamel interior of all Smeg ovens have a special antacid lining which helps keep the interior clean by reducing the amount of cooking grease adhering to it.</p>  |
|  <p>Fresh Touch: Most of Smeg ovens have a "cool door." Thanks to the combination of tangential cooling and internal heat-reflecting glasses, the temperature on the outer surface of the door is maintained below 50° C. In addition to providing safety, this system protects the sides of the furniture from overheating by the oven.</p> |  <p>Fan with upper and lower elements: The elements combined with the fan aim to provide more uniform heat, a similar method to conventional cooking, so pre-heat is required. Most suitable for items requiring slow cooking methods.</p>   |
|  <p>Upper and lower element only: a traditional cooking method best suited for single items located in the centre of the oven. the top pf the oven will always be hottest. Ideal for roast, fruit cakes, bread etc.</p>  |  <p>Lower heating element only: This function is ideal for foods that require extra base temperature without browning, e.g. pastry dishes, pizza. Also suitable for slow cooking of stews and casseroles.</p>  |
|  <p>Circulaire with lower element: The addition of the lower element adds extra heat at the base for food which requires extra cooking.</p>  |  <p>True European Convection: The combination of the fan and circular heating element around it provides many benefits, including no preheat if cooking time is longer than 20 minutes, no flavor transfer when cooking different foods at the same time, lower energy consumption, and shorter cooking times. Suitable for all types of food preparations.</p>  |
|  <p>Grill element: Using of grill gives excellent results when cooking meat of medium and small portions, especially when combined with a rotisserie (where possible). Also ideal for cooking sausages and bacon.</p>  |  <p>Fan with grill element: The fan reduces the fierce heat from the grill, providing an excellent method of grilling various foods, chops, steaks, sausages etc. giving even browning and heat distribution, without drying out the food. The top two levels recommended for use, and the lower part of the oven can be used to keep items warm at the same time, an excellent facility when cooking a grilled breakfast. Half grill (centre portion only) is ideal for small quantities of food.</p> |

- |  |   |   |  |
|--|---|---|--|
|    | Pizza function: The simultaneous operation of three elements ensures an optimum cooking facility when used with the Smeg pizza stone.   |    | Circulaire with upper and lower elements: The use of the fan with both elements allows food to be cooked quickly and effectively, ideal for large joints that require thorough cooking. It offers a similar result to rotisserie, moving the heat around the food, instead of moving the food itself, enabling any size or shape to be cooked. |
|    | All glass inner door: All glass inner door, a single flat surface which is simple to keep clean.  |    | KEEP_WARM_72dpi  |
|    | Side lights: Two opposing side lights increase visibility inside the oven.  |    | Pyrolytic: Pyrolytic cleaning cycles can be selected as necessary to automatically clean the oven interior.  |
|    | Cooking with temperature probe: It is possible to display the temperature detected by the probe and set a target temperature that the dish must reach. When the core of the dish reaches the desired temperature, cooking stops |    | Air at 40°C provides the perfect environment for proving yeast type dough mixes. Simply select the function and place dough in the cavity for allotted   |
|    | Rapid preheat: The rapid preheat function can be used to reach the selected temperature in just a few minutes.  |    | Sabbath: This function allows you to cook food during the Sabbath, the Holiday of rest in the Jewish religion, respecting the precepts. The oven works   |
|  | The oven cavity has 5 different cooking levels.   |  | Telescopic rails: allow you to pull out the dish and check it without having to remove it from the oven entirely.  |
|  | Electronic control: Allows you to maintain temperature inside the oven with the precision 2-3 ° C. This enables to cook meals that are very sensitive to temperature changes, such as cakes, souffles, puddings.                |  | ...  |
