

SPG415SUK

Product Family	Dishwasher
Subfamily	Undercounter
Type	Undercounter glasswashers
Crockery	Crockery; Glasses; Cutlery
Basket dimensions	400x400 mm
Control Panel	Electronic
Rinse pump	HTR system
Wash pump	Standard
Default power supply	230 V~ / 13 A / 2,9 kW / 50 Hz
Dimensions	460x600x705 mm

Target

Industries	Bar / Cafeterias / Bistros / Wine bars / Pubs; Ristoranti / Catering
------------	--

Aesthetics

Led colour	Green	Series	Topline
------------	-------	--------	---------

Technical Features

Water consumption per cycle	2,3 l	Water inlet pressure	100-1000 kPa
Wash temperature (min-max)	60 °C	Detergent flow rate	1.5 l/h
Rinse temperature (min-max)	71 °C - 83 °C	Rinse aid flow rate	0.4 l/h
Warm water connection	8°C	Usable load height	315 mm
Minimum water consumption per cycle	2,3 l	Depth with door open	930 mm
Max. inlet temperature	60°C	Maximum plate diameter	300 mm
Max water hardness	12°f - 7°dH	Maximum glass height	300 mm

Programmes

Programs	6 automatic programs; 1 fully programmable program; Self-cleaning programs; Cold water rinse program
----------	---

Program options	Extra rinse; Clean water cycle
Program table	Easyline glasswasher 400
Maximum baskets/hour	60
Maximum plates/hour	480
Maximum glasses/hour	1500

Electrical Connection

Tank heating element power	1300 W	Default connection Plug	2900 W (G) UK e Singapore
Boiler heating element power	2600 W		
Wash pump power	290 W		

Interface

Display	8 digit	Low detergent alert	Yes
Number of buttons	5	Cycle progress indicator	Yes
On/off indicator	Yes	End of cycle indicator	Yes
Low rinse aid alert	Yes	Manual diagnostics	Yes

Construction

Tank Construction	Deep drawn Double wall	Rack guides	Embossed
Tank material	Stainless steel AISI 304	Filter	5-stages filter system
Back panel	Galvanized	Wash tank capacity	7 l
Counter balanced door	Yes	Boiler capacity	4 l
Upper washing system	One washing and one split rinse spray arms, stainless steel	Boiler type	Artmosferic boiler
Lower washing system	One washing and one split rinse spray arms, stainless steel	Noise level	Lpa 55 dBA
Tank filter	Stainless steel	Protection class	IPX4
Door gasket	On 3 sides	Adjustable feet	Yes
		Drain max. height	600 mm

Accessories Included

Glass basket	WB40G02	Water supply pipe	Yes - 1.5m
Flat basket	WB40G01	Drain pipe	Yes - 2m

Equipment

Drain pump	Yes	Option for auto daily switch on	Yes
Peristaltic detergent dispenser	Yes, electronic control	Cycle counter	Yes
		Break tank	Yes

Peristaltic rinse-aid dispenser	Yes, electronic control	Partial water exchange in the wash tank via built-in drain pump	Yes
Chemical level probe	Yes, optional KITSONLIV	Water supply pipe diameter	DN10 - 3/8"
Integral continuous water softener	Yes	Drain supply pipe diameter	21.5 mm
Rinse boiler Thermostop system	Yes - default	Detergent (red) hose length	Yes, manual
Wash tank Thermostop system	Yes	Rinse aid (blue) hose length	Yes, manual
Wash pump soft start system	Yes		
Stand-by system	Yes		

Logistic Information

EAN code	8017709341909	Net weight (kg)	45,000 kg
Packed product dimensions (WxDxH)	850x515x710 mm	Gross weight (kg)	51,000 kg

R	PANNELLO RETRO (LOWER BACK PANEL)
Q	MORSETTO EQUIPOTENZIALE (EARTH TERMINAL)
P	TUBI POMPE PERISTALTICHE (PERISTALTIC HOSES)
E	CAVO ALIMENTAZIONE ELETTRICA (ELECTRICITY SUPPLY CABLE)
S	TUBO DI SCARICO (DRAIN HOSE)
T	ENTRATA CAVO DI ALIMENTAZIONE DOSATORE ESTERNO (EXTERNAL DISPENSER POWER CABLE ENTRY POINT)
C	TUBO DI CARICO (FILLER HOSE)

Compatible Accessories

KITDETKCC400

Kit for detergent (1l) and rinse storage (1l) for dishwashers 400x400

PB40C02

Universal flat bottom polypropylene double basket, 400x400x125 mm

PHOOS01

Single basket in polypropylene for cutlery

RB40G01

Universal wire basket with flat base 400

WB40G01

Universal wire basket with flat bottom 400x400

WB40G03

Wire basket for 8 glasses, inclined bottom, 4-row 400x400

WH00S01

Wire insert for 12 small dishes

KITSONLIV

Probe level kit

PHOGR4

Glass basket for 400x400 glasswashers

RB40A3

Adapter for round basket

WB40D01

Wire basket for 8 dishes 400x400

WB40G02

Wire basket for 8 glasses, max diameter 90mm, inclined bottom 400x400

WB40PG4

Wire basket for 16 plastic glasses, dim. (WxDxH) 400X400X210 mm

WS4

Underframe for glasswasher 400mm

Symbols glossary

HTR rinsing system

Max usable height 315mm

5 STAGE FILTER

Benefit

Balanced door

Effortless opening and closing

Effortless opening and closing

The counterbalanced door is designed to ensure smooth and effortless opening and closing, providing high user convenience. Additionally, it can be locked in a halfway position, a particularly useful feature for promoting natural drying at the end of the workday, enhancing overall hygiene and preventing the buildup of residual moisture.

5-stage system

Deep cleaning and spotless washes with the patented filtration system

The innovative Smeg filtration system consists of 5 stages to completely eliminate all impurities: the 1st stage captures larger food residues; in the 2nd and 3rd stages, finer particles are captured at this filtration stage; the 4th stage features a pre-filtration grid to prevent debris from entering the tank and clouding the water. Finally, the last stage is designed to further protect the washing and draining pumps from any debris that may accidentally enter the tank during filter cleaning.

The presence sensor filter alerts if the filtration system is out of position, ensuring safe washes every time.

HTR System

Consistent temperatures and pressures for uniform and effective dishwashing

Thanks to the HTR system (High Temperature Rinse) and the presence of the atmospheric boiler combined with the Thermostop, the cold inlet water does not enter the boiler during rinsing, ensuring a constant temperature of 85°C. The HTR system keeps the water hot for deep sanitisation and quick drying, ensuring constant pressure for uniform and effective cleaning.

Moulded tank

Superior washing performance and enhanced cleaning convenience with molded tub bottoms and basket guides

Smeg dishwashers are designed with moulded tank and basket guides. The absence of sharp edges ensures an optimised wash flow, guaranteeing hygiene and impeccable cleaning performance. Furthermore, this innovative design simplifies machine cleaning, reducing the need for maintenance interventions.

Integrated softener

Effective water treatment for consistently sparkling glasses

The integrated continuous regeneration water softener ensures effective water treatment, enhancing washing performance and preserving the machine's operational lifespan. The resin regeneration process takes place during the wash cycle without interruptions, providing constant control over water hardness. This system prevents limescale buildup, maximises detergent efficiency, and guarantees spotless results on glassware and dishes.

Integral double skin

Thermal and acoustic insulation guaranteed

The double wall is designed to optimise energy efficiency by reducing heat loss and accelerating water heating, resulting in lower energy consumption and faster cycle start-up times. Additionally, it provides effective acoustic insulation, helping to reduce noise and ensuring a quieter, more comfortable working environment for the staff.

Drain pump

Partial water replacement during the wash cycle for clean and hygienic dishes

The standard drain pump, equipped with a partial water exchange system, ensures that the dirtiest water is automatically removed at every wash cycle. This mechanism allows for continuous renewal of the water used, ensuring that each phase of the washing process is carried out with clean water. The result is optimal dishwashing performance, with outstanding efficiency and an impeccable level of hygiene.

Soft-start system

Effective management of the washing pump to protect your glassware

The Soft-Start function initiates the wash cycle gently and gradually, progressively increasing the water pressure. This system has been designed to provide optimal protection for the most fragile items, such as crystal glasses, significantly reducing the risk of chipping or damage. At the same time, it ensures excellent cleaning performance, combining efficiency and safety in every wash cycle.
