Symbols glossary

Standard installation: Traditional installation in tabletop, suitable for any kitchen sets

Heavy duty cast iron pan stands: for maximum stability and strength.

Knobs control

Ultra rapid burners: Powerful ultra rapid burners offer up to 5kw of power.

Benefit (TT)

Gas hobs

Consistent heat source control and easy, immediate temperature adjustment

Equipped with a thermocouple, the gas supply is cut off if the flame is extinguished for greater safety.

Inox

Maximum resistance even at high temperatures: the stainless steel surface ensures durability and deformation resistance, withstanding thermal shocks without damage

Cast iron

Solid and sturdy, easy to clean and maintain every day, thanks to the cast-iron pan supports—an emblem of long-lasting efficiency and durability.

Accurate power adjustment via knobs, for more precise cooking level control

Control knob position frontal

Instant and intuitive control thanks to front controls, easily accessible for practical use.

Fits even the smallest spaces: Monozona modules let you customize the cooktop according to your needs, optimizing space in compact kitchens.

Gas safety valves

Automatic protection against gas leaks: the thermocouple stops gas flow in the absence of flame, ensuring a safe environment even during unexpected shutdowns.
