## Benefit

---

### Active Light

Active Light gives you clear control by projecting light onto the floor, so you always know when the dishwasher is running or when the cycle is complete

Smeg dishwashers equipped with ActiveLight signal the appliance's activity status by projecting a light on the floor while the cycle is running. The light goes out at the end of the cycle, signalling that the dishwasher can be unloaded.

### FlexiDuo

For added convenience, the flexible third basket—FlexiDuo—adapts to accommodate various types of dishes, giving you extra space and better organisation with every load

The third FlexiDuo basket consists of two separate sections that can be handled independently of each other, stacked and/or removed, offering loading flexibility for every need. Depending on the arrangement, it allows cups, tall glasses, bulky utensils and pots and pans to be placed in the upper basket.

### Planetarium Wash System

Smeg's unique Planetarium Wash System uses a specially designed spray arm to deliver full, deep cleaning coverage across every corner of the dishwasher

Smeg's patented Planetarium Wash System guarantees impeccable cleaning. With a simultaneous double movement of the sprayer and 65 rotations per minute, it reaches every nook and cranny for extraordinary results. Dishes, glasses and utensils will be perfectly clean in no time. An intelligent system where efficiency and style meet, delivering brilliant results effortlessly.

### Flexifit hinge system

The Flexifit hinge system ensures smooth door movement, allowing for seamless integration into your kitchen design

The height of the plinth can vary from 5 cm to 21.5 cm, allowing it to fit perfectly into the cabinet. Thanks to this solution, the dishwasher blends harmoniously into its surroundings, with the door and plinth perfectly aligned with the other kitchen furniture.

### Extra Glide Telescopic Guides

Smoother and more stable loading and unloading operations

Extra Glide telescopic guides ensure smooth and safe extraction of the upper basket, even with heavy loads. The telescopic design ensures smooth, stable and silent movement, improving ergonomics and convenience. Ideal for optimising space and ease of use, they combine durability and comfort in every washing operation.

### DryAssist+

At the end of the cycle, the Dry Assist+ feature automatically opens the door to speed up drying and improve energy efficiency
