-
-  **SILENT:** Wash cycle suitable for normally soiled dishes, even with dried-on residues. Ensures maximum noise reduction and is therefore ideal if you wish to run it during the night.
 -  The Dry Assist + option, in addition to saving energy, ensures perfect drying of the dishes by opening the door automatically at the end of the washing cycle.
 -  **Baking tray programme:** for intensive cleaning of the oven trays. Place the trays in the lower basket of the dishwasher.
 -  **HYGIENE 99.9%** High-temperature washing programme. The 75° rinse guarantees the removal of 99.9% of germs and bacteria.
 -  Allows you to enable additional programs when selected together with any wash cycle.
 -  **Clean&Shine option:** For perfect cleaning results, this option adds an extra rinse to the wash cycle, which also gives the dishes a higher gloss.
 -  **Energy efficiency class C**
 -  The work aimed at continuous improvement has allowed the creation of the second generation of the Inverter motor 2.0, characterised by greater efficiency and durability over time, which allows very high performance and a lower energy consumption and noise level.
