## Benefit

---

### Orbital Wash System

The Orbital Wash System ensures even water distribution, delivering deep cleaning while keeping noise levels low, thanks to its dual rotating spray arms

Orbital washing system, which, thanks to its double arm, its 7 water exit points and thanks to overlapping and simultaneous rotations and 40 rotations per minute, allows ample coverage of the tank area, thus guaranteeing optimal results in any basket-loading configuration.

### Flexifit hinge system

The Flexifit hinge system ensures smooth door movement, allowing for seamless integration into your kitchen design

The height of the plinth can vary from 5 cm to 21.5 cm, allowing it to fit perfectly into the cabinet. Thanks to this solution, the dishwasher blends harmoniously into its surroundings, with the door and plinth perfectly aligned with the other kitchen furniture.
