

STP364T

Product Family	Dishwashers
Commercial width	60 cm
Commercial height	82 cm
Installation	Fully-integrated built-in
Kitchen panel	Not supplied
N° baskets	3, FlexiDuo
Motor	Inverter
EAN code	8017709182427

Programs

N. of programmes	5+4 quick programmes	Ultra Rapid	Yes
Washing temperatures	45, 50, 55, 65, 70 °C	Mix Express	Yes
Soak	Yes	Auto 60	Yes
Glass	Yes	Universal	Yes
ECO	Yes	Intensive 70°	Yes
Ultraclean	Yes		

Options

Enersave option	Yes	Options for tabs	Yes
Delay timer option	Up to 24 hours	FlexiTabs	
1/2 load FlexiZone option	Yes	Professional option	Yes

Baskets

Basket colour	Stainless Steel	Largest loadable dish in upper basket	18,0 cm
Basket components colour	Grey	Lower Basket	With completely foldable racks and glass holder
Handle	In plastic on upper and lower basket	Lower basket with anti-drip inserts	Yes
Upper Basket	With foldable central racks and glass holder		

Height adjustment of the upper basket	On three levels (5 cm)	Largest loadable dish in lower basket	30,0 cm
Upper basket with EasyGlide System	Yes	Colour Inner Components	Grey anti drop inserts, Grey handles, Grey pastic plate for regulation second basket on three levels, Grey Flexiduo, Green Orbital
		Cutlery basket	13 place settings sliding

Technical Features

Width (mm)	598 mm	Water supply	Single; cold/hot water max. 60°C - energysave with hot water up to 35%
Depth (mm)	545 mm	Max water hardness	100°FH;58°dH
Display type	LED display (3 digit)	Drying system	Natural condenser drying, with EnerSave automatic door opening system at the end of the cycle
Product Height (mm)	818 mm	Steam protection	In plastic
Controls	Electronic	Tube material	Stainless steel
Display	Delayed start, Programme time indicator, Time to end indication	Filter	Stainless steel
Programme graphics	Symbols	Concealed heating element	Yes
On/off indicator	Yes	Hinges	Self balancing with variable hinges
Salt light indicator	Light	Min. and max. frontal panel weight	2 - 9 kg
Rinse aid indicator	Light	Min. and max plinth height	100 - 228 mm
End of cycle indicator	Acoustic signal	Adjustable feet	7cm, from 820 to 890 mm
Washing system	Orbital	Insulation level	Top
Third spray arm	Single	Back cover	Yes
Water softener	With electronic setting	Depth of dishwasher with open door (mm)	1146
Turbidity sensor	Yes	Back feet adjustable from front	Yes
Aquatest		Top cover	In plastic
Flood protection system	Total Acquastop		

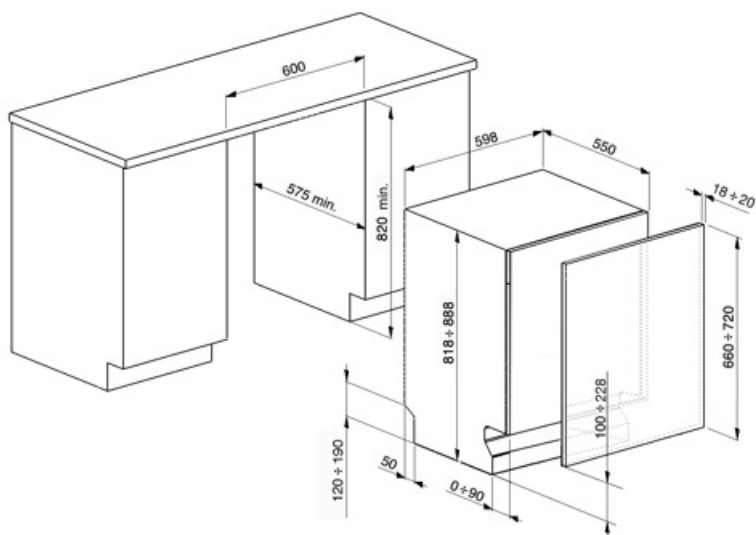

Performance / Energy Label - Reg. 2019

Energy Efficiency Class	E	Airborne acoustical noise emissions	45 dB(A) re 1 pW
Energy consumption [per 100 cycles, based on the eco programme]	92 KWh	Airborne acoustical noise emission class	C
Rated capacity (ps)	14	Energy efficiency Index (EEI)	54.1
Water consumption [per cycle]	10.5 litres		

Electrical Connection

Plug	Not present	Frequency (Hz)	50 Hz
Connected power	5450 W	Type of connection	Three-phase
Current	16 A	Power supply cable length	200 cm
Voltage	400-415 V		

Compatible Accessories

KITGH

Kit glass holder. It has to be fitted on the first basket but only if there are foldable racks

KITPL60N

Toekick Kit in Black colour with adjustable height and deepness. Can be installed over all the fully integrated and underbench models with variable fulcrum or flexifit hinges.

KITPLV2

Kit extension for dishwasher and washing machine: lenght mt. 2

KITPL60B

Toekick Kit in White colour with adjustable height and deepness. Can be installed over all the fully integrated and underbench models with variable fulcrum or flexifit hinges.

KITPL60X

Toekick Kit in Stainless Steel with adjustable height and deepness. Can be fitted over all the fully integrated and underbench models with variable fulcrum or flexifit hinges.

Symbols glossary

	The Aquatest sensor is an electronic sensor that measures the degree of water transparency at the end of the initial soaking phase. Used on the values measured, the sensor sets the most suitable programme, thus obtaining the best washing results with the minimum amount of water.		To improve the drying of dishes without leaving stains.
			82 cm high
	Delay Timer: Option to postpone the start of the desired programme by up to 24 hours in order to programme the dishwasher to run at the desired time.		EasyGlide: Convenient EasyGlide system for easy unloading of the appliance that allows reaching maximum flexibility of load of the machine.
	Fingerprint proof stainless steel: Fingerprint proof stainless steel keeps stainless steel looking as good as new.		FlexiDuo: The FlexiDuo 3rd cutlery basket allows you to arrange cutlery or small cups, ladles, or bulky utensils however you like: it consists of two separate and moveable modules.
	Ideal for multi-function detergents, this option allows washing to be optimised, with full benefits from the combined-action tablets. When this option is activated, any salt and rinse aid is used.		FlexiZone: The ½ load flexizone allows you to wash a reduced load saving energy, water and time and there are no restrictions on where the items are placed.
	Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.		Noise Level: Excellent insulation and special devices keep noise to a minimum.
	Orbital wash system distributes water evenly throughout the 60cm dishwasher cavity, directing water with precision to ensure an excellent wash.		Auto 60°: Program Auto 60 ° is designed for heavily soiled mixed dishes.
	Eco: Eco, this economic wash programme uses a low amount of water and energy in order to provide the most environmentally friendly cleaning option.		Soak programme: The soak programme provides a rinse to prevent dirt from drying.
	Ultra Rapid: The program is specifically for Ultra Fast wash very quickly (16 min.). Pots and pans very dirty, even with dried residues.		Ultraclean: The Ultraclean option performs a final rinse at a high temperature of 70°C eliminating virtually all bacteria.
	UniversaleProf: The Universal program is suitable for washing normally soiled tableware, even with little residue dried.		Professional: Option Professional enables to convert household appliances into semiprofessional ones due to the programs which significantly reduce washing time to obtain an astonishing 16 minutes cycle.

14 place settings: Number of place settings.

Total Acquastop: In addition to the partial Acquastop protection present in all Smeg dishwashers, some models have an electronic device fitted to the water intake hose, which monitors water levels in the machine, detects leaks in the hose and switches off the water supply immediately when necessary.

System WaterSave ensures the best washing results with minimal water consumption depending on the model of dishwasher.

Energy efficiency class E

Benefit (TT)

FlexiDuo

The flexible third basket provides additional space, adapting to the load to accommodate various types of dishes, ensuring optimal organization and efficient use of interior capacity

The third FlexiDuo basket consists of two separate sections that can be handled independently of each other, stacked and/or removed, offering loading flexibility for every need. Depending on the arrangement, it allows cups, tall glasses, bulky utensils and pots and pans to be placed in the upper basket.

Orbital Wash System

Even water distribution, deep cleaning and low noise thanks to the dual rotating spray arms

Orbital washing system, which, thanks to its double arm, its 7 water exit points and thanks to overlapping and simultaneous rotations and 40 rotations per minute, allows ample coverage of the tank area, thus guaranteeing optimal results in any basket-loading configuration.
