Symbols glossary

Activelight is an led light which projects a red spot onto the floor beneath the dishwasher when the appliance is in use.

The Aquatest sensor is an electronic sensor that measures the degree of water transparency at the end of the initial soaking phase. ased on the values measured, the sensor sets the most suitable programme, thus obtaining the best washing results with the minimum amount of water.

86 cm high

Delay Timer: Option to postpone the start of the desired programme by up to 24 hours in order to programme the dishwasher to run at the desired time.

The Dry Assist option ensures optimal drying of the dishes by automatically opening the door at the end of the wash cycle. Reducing the rinse temperat

FlexiDuo: The FlexiDuo 3rd cutlery basket allows you to arrange cutlery or small cups, ladles, or bulky utensils however you like: it consists of two separate and moveable modules.

The FlexiFit hinges allow the kitchen panel to slide over the dishwasher door, allowing a minimum kitchen plinth height of 5 cm.

The ExtraGlide guides system makes the second basket run even smoother and softer. It facilitates movement even when fully loaded, and thanks to the increased excursion, facilitates the insertion of dishes into the basket.

Noise Level: Excellent insulation and special devices keep noise to a minimum.

The Planetarium washing system, with high rotations per minute, guarantees complete coverage of the tank, thanks to the simultaneous rotation of base and sprayers, and excellent washing results.

Delicate: Delicate washing program is designed for delicate dishes which are not heavily soiled.

1/2 load: This program is designed for washing dishes not heavily soiled with partial load of the dishwasher.

Delicate: Delicate washing program is designed for delicate dishes which are not heavily soiled.

Mix: The Mix programme is suitable for mixed crockery and everyday pots and pans, without any particular incrustation.

Dishwasher cleaning cycle. The cycle should be started with the machine empty, without dishes. It is recommended to run the program every 2-3 months, using special dishwasher detergents.

Allows you to enable additional programs when selected together with any wash cycle. After having selected the required wash cycle, press the button (

Soak programme: The soak programme provides a rinse to prevent dirt from drying.

Express 27': The Express 27' programme is a quick wash cycle, at low temperatures, for lightly soiled dishes.

STERYL 75°: Intensive wash cycle ideal for plates, pots, pans, cutting boards, feeding bottles.

13 place settings: Number of place settings.

SMEG SPA 2025-12-16

Total Acquastop: In addition to the partial Acquastop protection present in all Smeg dishwashers, some models have an electronic device fitted to the water intake hose, which monitors water levels in the machine, detects leaks in the hose and switches off the water supply immediately when necessary.

System WaterSave ensures the best washing results with minimal water consumption depending on the model of dishwasher.
