Symbols glossary

	The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.		Energy efficiency class E
	LED display: to show programmes, functions and options selected and the time to the end of the cycle.		Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.
	LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.		Built-in niche
	No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
