## Symbols glossary

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

Built-in niche

Energy efficiency class E

LCD display: to optimize performance and simplify the use of the appliance.

Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.

No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
