KITPUSH

1 Bowl automatic pop up in AISI304 with push button ONLY for integrated waste kit bowls R12

Symbols glossary

	Cupboard width required for sink installation.		Cupboard width required for sink installation
	Sink depth - depending on the model, the depth can be from 13 to 24,5.		Flat: Installation of product with flat edge.
	Flush-fitted installation: Models of sinks/hobs which are integrated flush with the tabletop of a kitchen unit.		Under table top installation: The sink is fixed under tabletop, which extends the work surface and the depth of the sink.
	A unique waste kit totally integrated with the sink gives an elegant effect and guarantees greater hygiene with the continuous surface allowing you to combine convenience with total safety during the food preparation. The new plug design is ergonomic and it's easier to extract.		On this sink it is not possible to install the waste disposal

Benefit (TT)

One bowl

A single bowl for greater adaptability, capacity and space optimisation

Integrated flush waste kit

Integrated flush waste kit to maximise the efficiency of your kitchen

The fully integrated flush waste kit in stainless steel guarantees hygiene and safety during food preparation as well as giving the sink an elegant appearance.
