## Symbols glossary

Cupboard width required for sink installation.

Flat: Installation of product with flat edge.

Sink depth - depending on the model, the depth can be from 13 to 24,5.

Flush-fitted installation: Models of sinks/hobs which are integrated flush with the tabletop of a kitchen unit.

On this sink it is not possible to install the waste disposal

### Benefit (TT)

#### One bowl

A single bowl for greater adaptability, capacity and space optimisation

#### Double tap hole

The sink is easily reversible, making it possible to create any type of kitchen composition

#### Pop-up command

The pop-up command allows the sink drain to be opened and closed remotly with a simple gesture and without the need to touch the plug directly, increasing convenience and hygiene in the kitchen

#### Pop-up command push

Attractive and modern pop-up command with push control for greater convenience in the kitchen

With the practical automatic pop-up kit with push control included, one touch is all it takes to control the movement of the drain, which opens and closes automatically ensuring greater convenience and hygiene.

#### Tap hole

Possibility of having the tap hole for direct installation of the tap on the sink, for a larger and neater surface area

#### Integrated flush waste kit

Integrated flush waste kit to maximise the efficiency of your kitchen

The fully integrated flush waste kit in stainless steel guarantees hygiene and safety during food preparation as well as giving the sink an elegant appearance.
