Single HPL chopping board for minimum radius, oak, measures 280 x 418 H 12 mm

COL19H

St/Steel colander to fit MINIMUM radius mm bowl, measures 200 x 410 x 100 mm

KITPUSH

1 Bowl automatic pop up in AISI304 with push button ONLY for integrated waste kit bowls R12

Symbols glossary

Cupboard width required for sink installation.

Flat: Installation of product with flat edge.

Under table top installation: The sink is fixed under tabletop, which extends the work surface and the depth of the sink.

On this sink it is not possible to install the waste disposal

Sink depth - depending on the model, the depth can be from 13 to 24,5.

Flush-fitted installation: Models of sinks/hobs which are integrated flush with the tabletop of a kitchen unit.

A unique waste kit totally integrated with the sink gives an elegant effect and guarantees greater hygiene with the continuous surface allowing you to combine convenience with total safety during the food preparation. The new plug design is ergonomic and it's easier to extract.

Benefit (TT)

One bowl

A single bowl for greater adaptability, capacity and space optimisation

Integrated flush waste kit

Integrated flush waste kit to maximise the efficiency of your kitchen

The fully integrated flush waste kit in stainless steel guarantees hygiene and safety during food preparation as well as giving the sink an elegant appearance.
