

# WD3T964SSA

EAN Code	8017709296230
Product Family	Washer dryer
Commercial width	60 cm
Commercial depth	Standard capacity
Installation	Free-standing
Load type	Frontal

## Programs

Controls	Electronic
Programmes graphics	Written in EN
No. of programmes	15
Programmes	

Duvet	Rapid 12'	Daily Fast 60'
Eco 20°	 Cotton 40°	 Cotton 60°
 Anti-allergy	Cotton Dry	Cotton Wash & Dry
 Delicate drying	 Drain + Spin	Quick Wash & Dry
 Rinse	 Synthetics	 Wool
Washing Temperature		
Cool	20°C	30°C
40°C	60°C	90°C
Special programmes		
 Anti-allergy	 Wool	 Quick 12 min
 Quilt		

## Display

Residual time indicator                      delay start

## Display type

## Buttons/Options

Drying Option                      Drying time                      Options

Save+ / Express                       Delay timer                      Spin Speed

Temperature

End of cycle indicator (light)                      On display

## Technical Features

Type of motor                      Brushless/Inverter

Electronic control                      Yes

Programme selection                      Yes

Spin speed selection on                      No spin/ 400/ 800/ 1000/

display/LED                      1200/ 1400

Display/led for                      Yes

temperature regulation                      Yes

Polypropilene tank                      Yes

Basket                      Stainless steel

Drum capacity                      61 l

Door diameter                      33 cm

Door opening                      135°

Automatic variable load                      Yes

Antifoam system                      Yes

Load balancing system                      Automatic

Easy to access filter                      Yes

Child lock (functions                      Control block

block)                      Yes

Anti-flood system                      Yes

Water supply                      Single, cold

## Performance / Energy Label

Washing loading                      9 kg

capacity                      6 kg

Drying loading capacity                      1400 giri/min

Max spin speed                      A

Energy efficiency class                      A

Washing efficiency                      AA

class                      53 dB(A) re 1 pW

Noise level spinning                      74 dB(A) re 1 pW

Noise level drying                      60 dB(A) re 1 pW

Energy consumption -                      0,96 kWh

Cotton 60° - Wash only                      6,12 kWh

Energy consumption                      645 min.

(washing + drying)                      1224 kWh

Duration of the                      23600 l

normative programme                      645 min.

Energy annual                      1224 kWh

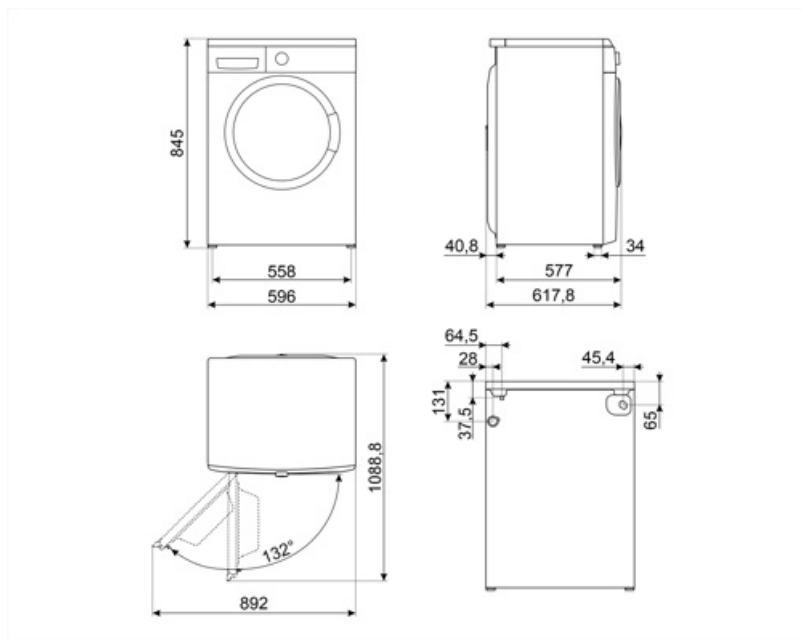

consumption                      23600 l

(washing+drying)                      645 min.

Water annual                      1224 kWh

consumption                      23600 l

(washing+drying)                      645 min.

## Symbols glossary

	Variable load: In all models of washing machines is present the system of variable load, according to which the machine automatically diversifies the wash cycle and the time of operation depending on the quantity and type of laundry introduced, allowing a significant saving of water and energy power, up to 30% compared to the versions with fixed load.		Automatic Load Balancing: provides an ideal distribution of laundry in the drum. In case if the imbalance is detected, the rotation speed starts being controlled in such way to evenly redistribute laundry in the drum, and thus reduce vibration.
	Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.		
	Delay timer: can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.		LED display: to show programmes, functions and options selected and the time to the end of the cycle.
	33 cm: Large loading hatch of 30-32-33 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.		Gentle drying: program designed to get laundry ready for easy ironing.
	This option advises when the periodic cleaning of the filters is needed, in order to avoid forgetfulness and thus guarantee the perfect functioning of the dryer over time. The convenient position of the filters makes maintenance fast and extremely simple.		Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.
	Antiallergic: Antiallergic program with particular attention to the total removal of residual detergent.		Cotton 40°: For soiled fabrics in cotton
	Cotton 60°: For soiled fabrics in cotton		To drain the water in the machine.
	Super fast 12 min: a programme designed to wash small amounts of laundry fast, ideal for washing lightly soiled garments.		Duvet: gentle cycle specific for duvet.
	Extra rinse: The Extra rinse option: can be added to the selected programme when more thorough cleansing of special fabrics is needed.		Synthetics: to wash your synthetic clothes (shirts, blouses, synthetic/cotton blends, etc.). It washes with a gentle action and has a shorter washing cycle compared to the Cottons programme. For curtains and tulle, use the Synthetic 40°C programme with prewash and anti-creasing functions selected. As their meshed texture causes excessive foaming, wash the veils/tulle by putting little amount of detergent into the main wash compartment. Do not put detergent in the prewash compartment.
	Wool: this programme for wool or delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.		

---

## Benefit (TT)

---

### **Up to 15 programmes**

Up to 15 programmes to meet every daily need

### **LED Display**

With soft touch control and LED lights for intuitive and fast setting and selection of each option

### **Easy Iron Option**

Perfect fabrics thanks to the Easy Iron option that ventilates the laundry for up to 8 hours

### **Inverter**

Greater energy efficiency, lower consumption, and longer lifespan by reducing wear and noise thanks to the Inverter motor

### **Giant door**

Increased convenience and versatility, making loading and unloading laundry easier thanks to the new giant door opening
