WD3T964SSA2

EAN Code	8017709344351
Product Family	Washer dryer
Commercial width	60 cm
Commercial depth	Standard capacity
Installation	Free-standing
Load type	Frontal

Programs

Controls	Electronic
Programmes graphics	Written in EN
No. of programmes	15

Programmes

Duvet	Eco 40-60	Fast 60'
Gentle Dry	Rapid 12'	Wool & Silk
Cotton	Cotton 20°	Anti-allergy
Cotton Dry	Cotton Wash & Dry	Drain + Spin
Quick Wash & Dry	Rinse	Synthetics

Washing Temperature

Cool	20°C	30°C
40°C	60°C	90°C

Special programmes

Gentle Dry	Wool & Silk	Anti-allergy
Quick 12 min		

Display

Residual time indicator	delay start	
Display type		
Buttons/Options		
Drying Option	Drying time	Options
Save+ / Express	Delay timer	Spin Speed

End of cycle indicator (light)	On display	

Technical Features

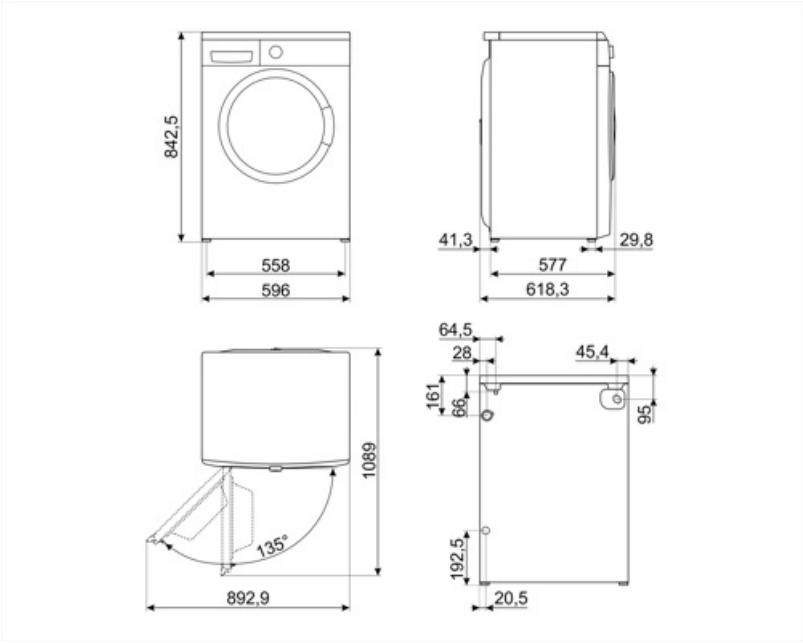

Type of motor	Brushless/Inverter	**Door opening**	135°
Electronic control functioning	Yes	**Automatic variable load**	Yes
Programme selection knob	Yes	**Antifoam system**	Yes
Spin speed selection on display/LED	No spin/ 400/ 800/ 1000/ 1200/ 1400	**Load balancing system**	Automatic
Display/led for temperature regulation	Yes	**Easy to access filter**	Yes
Polypropilene tank	Yes	**Child lock (functions block)**	Control block
Basket	Stainless steel	**Anti-flood system**	Yes
Drum capacity	61 l	**Water supply**	Single, cold
Door diameter	33 cm		

Performance / Energy Label

Washing loading capacity	9 kg	**Noise level spinning**	74 dB(A) re 1 pW
Drying loading capacity	6 kg	**Noise level drying**	60 dB(A) re 1 pW
Max spin speed	1400 giri/min	**Energy consumption - Cotton 60° - Wash only**	0,96 kWh
Energy efficiency class	A	**Energy consumption (washing + drying)**	6,12 kWh
Washing efficiency class	A	**Duration of the normative programme**	645 min
Energy rating	AA	**Energy annual consumption (washing+drying)**	1224 kWh
Noise level washing	53 dB(A) re 1 pW	**Water annual consumption (washing+drying)**	23600 l

Symbols glossary

Variable load: In all models of washing machines is present the system of variable load, according to which the machine automatically diversifies the wash cycle and the time of operation depending on the quantity and type of laundry introduced, allowing a significant saving of water and energy power, up to 30% compared to the versions with fixed load.

Automatic Load Balancing: provides an ideal distribution of laundry in the drum. In case if the imbalance is detected, the rotation speed starts being controlled in such way to evenly redistribute laundry in the drum, and thus reduce vibration.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Delay timer: can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

33 cm: Large loading hatch of 30-32-33 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.

Gentle drying: program designed to get laundry ready for easy ironing.

This option advises when the periodic cleaning of the filters is needed, in order to avoid forgetfulness and thus guarantee the perfect functioning of the dryer over time. The convenient position of the filters makes maintenance fast and extremely simple.

Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.

Antiallergic: Antiallergic program with particular attention to the total removal of residual detergent.

For lightly soiled fabrics in cotton and linen

Cotton: For soiled fabrics in cotton

Use to wash your normally soiled, durable cotton and linen laundry. Although it washes longer than all other programmes, it provides high energy and water savings. Actual water temperature may be different from the stated wash temperature. When you load the machine with less laundry (e.g. ½ capacity or less), programme time may automatically get shorter. In this case, energy and water consumption will decrease more, providing a more economic wash. This programme is available in the models with the remaining time indicator.

Delicate: Clothing such as underwear, hosiery and luxury fabrics should be dried on the delicate cycle to help extend the life of the clothing.

Program for drying cotton items including sheets, pillow cases, pajamas, lingerie, tablecloths, etc

To drain the water in the machine.

Super fast 12 min: a programme designed to wash small amounts of laundry fast, ideal for washing lightly soiled garments.

Extra rinse: The Extra rinse option: can be added to the selected programme when more thorough cleansing of special fabrics is needed.

Synthetics: to wash your synthetic clothes (shirts, blouses, synthetic/cotton blends, etc.). It washes with a gentle action and has a shorter washing cycle compared to the Cottons programme. For curtains and tulle, use the Synthetic 40°C programme with prewash and anti-creasing functions selected. As their meshed texture causes excessive foaming, wash the veils/tulle by putting little amount of detergent into the main wash compartment. Do not put detergent in the prewash compartment.
