

WDI14C7K

EAN Code	8017709204709
Product Family	Washer dryer
Commercial width	60 cm
Commercial depth	
Installation	Built-in
Load type	Frontal

Programs

Controls	Electronic

Technical Features

Effective consumption

Type of motor	Standard
Electronic control functioning	Yes
Programme/temperature selection knob	Yes
Spin speed selection on display/LED	No spin/ 600/ 800/ 1000/ 1200/ 1400
Polypropilene tank	Yes
Basket	Stainless steel
Drum capacity	52 l
Liquid detergent accessory as standard	Yes
Door diameter	30 cm
Door opening	180°

Automatic variable load	Yes
Antifoam system	Yes
Load balancing system	Automatic
Easy to access filter	Yes
Child lock (functions block)	Control block
Anti-flood system	Yes
Autocleaning system	Yes
Aquastop system	Total
Water supply	Single, cold
Accessories included	
Furniture door can be fitted on right or left side with adjustable hinges	Yes

Performance / Energy Label

Washing loading capacity	7 kg
Drying loading capacity	4 kg
Max spin speed	1400 giri/min
Energy efficiency class	B

Energy consumption (washing + drying)	5,6 kWh
Water consumption (washing) per cycle	49 l

Washing efficiency class	A	Water consumption (washing+drying) per cycle	89 l
Energy rating	BA	Duration of the normative programme	420 min
Noise level washing	56 dB(A) re 1 pW	Energy annual consumption (washing)	260 kWh
Noise level spinning	72 dB(A) re 1 pW	Energy annual consumption (washing+drying)	1120 kWh
Noise level drying	58 dB(A) re 1 pW	Water annual consumption (washing)	9800 l
Energy consumption - Cotton 60° - Wash only	1,3 kWh	Water annual consumption (washing+drying)	17800 l
		Residual humidity percentage (%)	50 %

Performance / Energy Label - Reg. 2019

Symbols glossary

 <p>Total acquastop: Most models of Smeg dishwashers are equipped with Acquastop Totale, which allows to avoid flooding as a result of water leakage. The system consists of a float sensor, disposed under the inner chamber of a dishwasher, which blocks water supply inside the appliance in case of water leakage into the lower tray. An additional electromagnetic valve on the water inlet hose also automatically blocks water supply if detecting water leakage in the hose. For Laundry: Total acquastop, the product is built with 3 levels of anti-flood devices to ensure protection against water leakage.</p>	 <p>Easy Iron: this is an option which can be selected to ensure the finished laundry is left with less creases to make ironing easier.</p>
 <p>Variable load: In all models of washing machines is present the system of variable load, according to which the machine automatically diversifies the wash cycle and the time of operation depending on the quantity and type of laundry introduced, allowing a significant saving of water and energy power, up to 30% compared to the versions with fixed load.</p>	 <p>Autocleaning system: Autocleaning system avoids the formation of lint and impurities inside the condensation system ensuring maximum reliability of the machine.</p>
 <p>Automatic Load Balancing: provides an ideal distribution of laundry in the drum. In case if the imbalance is detected, the rotation speed starts being controlled in such way to evenly redistribute laundry in the drum, and thus reduce vibration.</p>	 <p>B: Product energy rating, measured from A+++ to D / G depending on the product family.</p>
 <p>Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.</p>	 <p>LED display: to show programmes, functions and options selected and the time to the end of the cycle.</p>
 <p>30 cm: Large loading hatch of 30-32-33 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.</p>	 <p>Gentle drying: program designed to get laundry ready for easy ironing.</p>
 <p>4kg: This shows the amount of laundry that can be inserted into the tumble dryer in KG.</p>	 <p>Filter cleaning: This option advises when the periodic cleaning of the filters is needed, in order to avoid forgetfulness and thus guarantee the perfect functioning of the dryer over time. The convenient position of the filters makes maintenance fast and extremely simple.</p>
 <p>Intensive option: this function extends the duration of the wash cycle and increases the intensity of the wash, ensuring a deeper cleaning for heavily soiled garments.</p>	 <p>Prewash: program designed for heavily soiled garments.</p>
 <p>Cleaning programme: A cleaning programme has been created to maintain the performance of washer/dryers. The display shows automatically when cleaning is required.</p>	 <p>Cotton 40°: For soiled fabrics in cotton</p>
 <p>Cotton 60°: For soiled fabrics in cotton</p>	 <p>Cotton 90°: For soiled fabrics in cotton</p>
