WHT1114LSIN-1

EAN Code	8017709280932
Product Family	Washing Machine
Commercial width	60 cm
Commercial depth	Large capacity
Installation	Free-standing
Load type	Frontal

Aesthetics

Colour	White
Front panel colour	Silver
Led/display colour	Nero
Front panel type	LA OEM BASE
Function buttons colour	Black
No. of control knobs	1
Programme/temperature knob colour	Silver/Chrome

Door colour	Silver, with inner White frame
Door window	
Handle colour	Chrome
Drawer Color	
Cabinet colour	White
Top colour	White

Programmes

- Anti-allergy
- Stain-resistant
- Auto Program
- Shirts
- Dark Wash
- Cotton
- Cotton ECO
- Delicates
- Wool
- Quick Wash 14 min
- Rinse
- Drain + Spin
- Synthetics
- Sport
- Steam Refresh
- Duvet

Washing Temperature

Cool	20°C	30°C
40°C	50°C	60°C
70°C	80°C	90°C

Special programmes

- Anti-allergy
- Wool
- Handwash
- Quick 14 min
- Quilt

Display

Residual time indicator	delay start	programme status indication
spin regulation	temperature regulation	

Display type LCD DISPLAY

Buttons/Options

- Delay timer
- Prewash
- Additional rinse
- No spin
- Rinse hold
- Quick
- Cold wash

Programme progress indicator (light)	On display
End of cycle indicator (light)	On display

Technical Features

Effective consumption	10% less energy consumption than energy rating A+++
Type of motor	Brushless/Inverter
Electronic control functioning	Yes
Programme selection knob	Yes
Spin speed selection on display/LED	No spin/ 400/ 600/ 800/ 1000/ 1200/ 1400/ Rinse hold
Display/led for temperature regulation	Yes
Polypropilene tank	Yes
Basket	Stainless steel
Drum capacity	72 l

Liquid detergent accessory as standard	Yes
Door diameter	34 cm
Door opening	170°
Automatic variable load	Yes
Antifoam system	Yes
Load balancing system	Automatic
Easy to access filter	Yes
Child lock (functions block)	Control block
Aquastop system	Acquastop tube

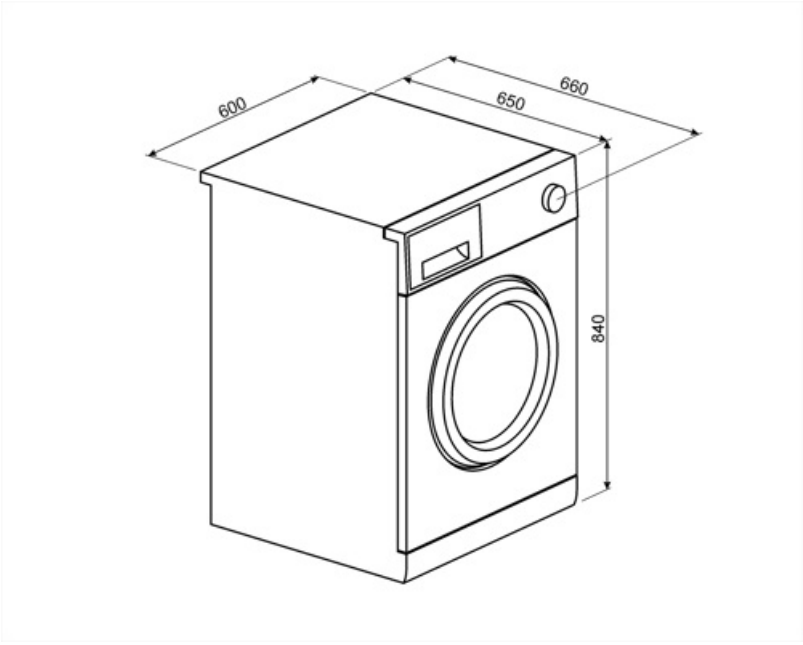

Performance / Energy Label - Reg. 2019

Supplier's name or trademark	SMEG

Electrical Connection

Nominal power	2200 W
Current	10 A
Voltage (V)	230 V

Frequency (Hz)	50 Hz
Power supply cable length	180 cm
Plug	(F;E) Schuko

Compatible Accessories

KITPLV2

Kit extension for dishwasher and washing machine: lenght mt. 2

Symbols glossary

Acquastop: Some Smeg dishwashers are equipped with a simple Acquastop: float sensor in the bottom which is necesary to prevent an accidental leakage of water inside the appliance.

A+++: Appliances with this symbol can reduce energy consumption by a further 30% from the standard A energy rating.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

LCD display: to optimize performance and simplify the use of the appliance.

Cold Wash: a programme designed for the effective washing of moderately soiled garments at low temperatures. Thanks to a specially developed washing algorithm, it delivers excellent cleaning results while helping preserve fabrics, colours and energy efficiency.

Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.

Prewash: program designed for heavily soiled garments.

This cycle automatically select temperature and all the washing parameters.

Eco 40-60: reference programme defined by EU regulations for measuring the energy performance of washing machines. Ideal for normally soiled cotton garments washable at 40 °C or 60 °C, it provides an excellent balance between cleaning performance and savings, although it requires a longer washing time.

Delicate: Clothing such as underwear, hosiery and luxury fabrics should be dried on the delicate cycle to help extend the life of the clothing.

Variable load: In all models of washing machines is present the system of variable load, according to which the machine automatically diversifies the wash cycle and the time of operation depending on the quantity and type of laundry introduced, allowing a significant saving of water and energy power, up to 30% compared to the versions with fixed load.

Automatic Load Balancing: provides an ideal distribution of laundry in the drum. In case if the imbalance is detected, the rotation speed starts being controlled in such way to evenly redistribute laundry in the drum, and thus reduce vibration.

Delay timer: can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.

34 cm: Large loading hatch of 34 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.

This option advises when the periodic cleaning of the filters is needed, in order to avoid forgetfulness and thus guarantee the perfect functioning of the dryer over time. The convenient position of the filters makes maintenance fast and extremely simple.

No spin option: this option allows to exclude the last spin phase, draing the water from the tank

Antiallergic: Antiallergic program with particular attention to the total removal of residual detergent.

Cotton: programme designed for washing medium to heavily soiled cotton garments, ensuring thorough and effective cleaning.

Dark wash: Washing programme to wash your dark colored laundry or colored laundry that you do not want them get faded. Washing is performed with little mechanic action and at low temperatures. It is recommended to use liquid detergent or woolen shampoo for dark coloured laundry.

To drain the water in the machine.

Extra Rinse: Extra Rinse: adds an extra rinse cycle to that already provided in the program chosen, to remove any residual detergent. This function is particularly suitable for those with allergies or skin problems.

Super fast 14 min.: a programme designed to wash small amounts of laundry fast, ideal for washing lightly soiled garments.

Refresh: an ideal program to refresh the garments that have been kept for a long time indoors and eliminate unpleasant odors, without having to wash.

Terminato il lavaggio il ciclo si blocca con l'acqua in vasca

Sport: programme designed to quickly wash sports and technical clothing, which undergo frequent washes, ensuring optimal hygiene and protection of the fibres.

Wool: this programme for wool or delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.

Volumeplus: Smeg offers models with load up to 8 kg, while maintaining the best washing results, and providing low energy consumption.

Stains: a dedicated programme specifically designed for the effective removal of the most common stains from durable cotton garments. Thanks to optimised washing and rinsing parameters, it delivers excellent cleaning results by adapting the treatment to different types of soiling, ensuring clean and well-cared-for laundry.

Hand wash: this specific programme for delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.

Duvet: gentle cycle specific for duvet.

Extra rinse: The Extra rinse option: can be added to the selected programme when more thorough cleansing of special fabrics is needed.

Shirts: Specific program that allows you to wash shirts with the utmost attention. The addition of steam at the end of the cycle ensures a reduction in the formation of creases and ironing times.

Synthetics: programme designed for synthetic and mixed-fibre fabrics. Ideal for lightly to normally soiled garments, it uses moderate temperatures and a gentler washing action to protect the fibres and reduce creasing, ensuring effective cleaning without stressing the materials.

Option that allow to reduce times of the selected program.

Drum has maximum capacity of 11kg of dry laundry.

Benefit (TT)

Large capacity

Large capacity to handle heavy loads with advanced programs for impeccable results every wash

LCD Display

With soft touch control and LCD lights for an improved user experience and easy combination of programmes and options -

Inverter

Greater energy efficiency, lower consumption, and longer lifespan by reducing wear and noise thanks to the Inverter motor
