

# WM3T94SSA

<b>EAN Code</b>	8017709296216
<b>Product Family</b>	Washing Machine
<b>Commercial width</b>	60 cm
<b>Commercial depth</b>	Standard
<b>Installation</b>	Free-standing
<b>Load type</b>	Frontal

## Aesthetics

<b>Colour</b>	Silver	<b>Programme/temperature knob colour</b>	Chrome
<b>Front panel colour</b>	Silver	<b>Door colour</b>	Black with chrome ring
<b>Led/display colour</b>	White	<b>Door window</b>	Giant door
<b>Front panel type</b>	T3	<b>Handle colour</b>	Chrome
<b>Function buttons colour</b>	Cromato	<b>Drawer Color</b>	Chrome
<b>On/Off buttons colour</b>	Cromato	<b>Cabinet colour</b>	Silver
<b>No. of control knobs</b>	1	<b>Top colour</b>	Silver

## Programs

<b>Controls</b>	Electronic
<b>Programmes graphics</b>	Written in EN
<b>No. of programmes</b>	15

## Programmes

 Anti-allergy	 Cotton 40°	 Cotton 60°
 Cotton Prewash	Eco 20°	 Jeans/Capi scuri
 Wool	 Hand Wash	Outdoor
Duvet	Daily Fast 60'	 Quick wash 15 min
 Rinse	 Drain + Spin	 Synthetics

## Washing Temperature

Cool	20°C	30°C
40°C	60°C	90°C

## Special programmes

Outdoor	 Anti-allergy	 Wool
 Handwash	 Quick 15 min	

## Display

Residual time indicator      delay start

## Display type

## Buttons/Options

Stain Level	Stain Type	Options
Save+ / Express	 Delay timer	 Spin Speed

 Temperature

End of cycle indicator (light)      On display

## Technical Features

<b>Effective consumption</b>	20% less energy consumption than energy rating A+++	<b>Door diameter</b>	33 cm
<b>Type of motor</b>	Brushless/Inverter	<b>Door opening</b>	160°
<b>Electronic control functioning</b>	Yes	<b>Automatic variable load</b>	Yes
		<b>Antifoam system</b>	Yes
		<b>Load balancing system</b>	Automatic
		<b>Easy to access filter</b>	Yes

Programme selection knob	Yes	Child lock (functions block)	Control block
Spin speed selection on display/LED	No spin/ 400/ 800/ 1000/ 1200/ 1400	Anti-flood system	Yes
Display/led for temperature regulation	Yes		
Polypropilene tank	Yes		
Basket	Stainless steel		
Drum capacity	61 l		

## Electrical Connection

Nominal power	2200 W	Frequency (Hz)	50 Hz
Current	10 A	Power supply cable length	160 cm
Voltage (V)	220-240 V	Plug	(M) Sud Africa

## Compatible Accessories

---

**KITPLV2**

Kit extension for dishwasher and washing machine: lenght mt. 2

## Symbols glossary

-  Variable load: In all models of washing machines is present the system of variable load, according to which the machine automatically diversifies the wash cycle and the time of operation depending on the quantity and type of laundry introduced, allowing a significant saving of water and energy power, up to 30% compared to the versions with fixed load.
-  Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.
-  Delay timer: can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.
-  33 cm: Large loading hatch of 30-32-33 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.
-  Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.
-  Cotton 40°: For soiled fabrics in cotton
-  Prewash cotton
-  Hand wash: this specific programme for delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.
-  Super fast 15 min: a programme designed to wash small amounts of laundry fast, ideal for washing lightly soiled garments.
-  Spin speed control: On the control panel there is a spin speed control knob. In some models, the maximum spin speed is 1400 rpm / min. You can also to exclude spin.
-  Automatic Load Balancing: provides an ideal distribution of laundry in the drum. In case if the imbalance is detected, the rotation speed starts being controlled in such way to evenly redistribute laundry in the drum, and thus reduce vibration.
-  A+++: Appliances with this symbol can reduce energy consumption by a further 30% from the standard A energy rating.
-  LED display: to show programmes, functions and options selected and the time to the end of the cycle.
-  This option advises when the periodic cleaning of the filters is needed, in order to avoid forgetfulness and thus guarantee the perfect functioning of the dryer over time. The convenient position of the filters makes maintenance fast and extremely simple.
-  Antiallergic: Antiallergic program with particular attention to the total removal of residual detergent.
-  Cotton 60°: For soiled fabrics in cotton
-  To drain the water in the machine.
-  Jeans / Dark garments: Special cycle designed to meet the washing needs of jeans or dark garments. The program allows you to wash the garments respecting colors and minimizing creases thanks to minimal mechanical action and low temperatures.
-  Extra rinse: The Extra rinse option: can be added to the selected programme when more thorough cleansing of special fabrics is needed.
-  Synthetics: to wash your synthetic clothes (shirts, blouses, synthetic/cotton blends, etc.). It washes with a gentle action and has a shorter washing cycle compared to the Cottons programme. For curtains and tulle, use the Synthetic 40°C programme with prewash and anti-creasing functions selected. As their meshed texture causes excessive foaming, wash the veils/tulle by putting little amount of detergent into the main wash compartment. Do not put detergent in the prewash compartment.

Wool: this programme for wool or delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.

Drum has maximum capacity of 9kg of dry laundry.

Temperature Adjustment: allows you to tailor the wash cycle to your needs by selecting the most suitable temperature to protect fabrics, remove dirt, and achieve optimal results with every wash.

---

## Benefit (TT)

---

Standard dimensions to fit any home environment, with optimal capacity and advanced features

### **15 programmes**

Up to 15 programmes to meet every daily need

### **LED Display**

With soft touch control and LED lights for intuitive and fast setting and selection of each option

### **Inverter**

Brushless, it offers greater energy efficiency, lower consumption and longer life, reducing wear and noise. It optimises consumption and ensures high performance while maintaining high washing efficiency.

### **Giant door**

The size of the door offers greater convenience and versatility, facilitating the loading and unloading of laundry thanks to its wide opening, and gives a more premium and elegant look, enriching the overall design of the appliance
