

WNP04SEAIN

EAN Code	8017709328238
Product familie	Wasmachine
Commerciële breedte	60 cm
Commerciële diepte	Grote capaciteit
Installatie	Vrijstaand
Type lading	Voorlader

Programma's

Bediening	Elektronisch		
Grafische weergave programma's	Tekst EN		
Meertalig clipsysteem	Ja		
Aantal programma's	15		
Programma's			
Anti-allergisch	Stain-resistant	Overhemden/ Blouses	
Katoen	Eco 40-60	Wool/Hand wash	
Gemixed	Outdoor	Duvet	
Snelle Was 14 min	Refresh	Spoelen	
Centrifugeren	Self Clean	Synthetisch	
Wasstemperaturen			
Koud	20°C	30°C	
40°C	60°C	90°C	
Speciale programma's			
Outdoor	Refresh	Anti-allergisch	
Antimacchia	Snel 14 min.		

Display

Weergave resttijd	Start uitstel	Programmavoortgang indicatie
Type display		
Toetsen/opties		
End Time	Spin Speed	Temperature
 Voorwas	 Snel	 Stoom
Programmavoortgang indicator Indicator einde cyclus	Op display Op display	

Technische specificaties

					
Type motor	Inverter motor	Accessoire voor vloeibare reinigingsmiddelen meegeleverd	Ja		
Functionering met elektronische controle	Ja	Diameter deur	34 cm		
Programmaknop	Ja	Opening deur	160°		
Centrifuge regeling op display/ LED	Niet centrifugerend/ 600/ 800/ 1200/ 1400 toeren/ Stop tijdens weken	Variabele automatische lading	Ja		
Temperatuurregeling op display/ LED	Ja	Schuimbewaking	Ja		
Polypropyleen kuip	Ja	Balanceringssysteem belading	Automatisch		
Trommel	Inox	Makkelijk te bereiken filter	Ja		
Capaciteit trommel	65 l	Kinderbeveiliging	Blokkeringsinstellingen		

Prestaties/Energie label - Reg. 2019

		
Supplier's name or trademark	SMEG	Spin-drying efficiency class
Rated Capacity	10 kg	Airbone acoustical noise class
Energie-efficiëntieklasse	A	Airbone acoustical noise 75 dB(A) re 1 pW
Energy_cons_100	51 KWh	Programme duration at rated capacity 3:58 h:min
Water verbruik	48 litres	

Compatible Accessories

KITPLV2

Kit extension for dishwasher and washing machine: lenght mt. 2

Symbols glossary

	Variable load: In all models of washing machines is present the system of variable load, according to which the machine automatically diversifies the wash cycle and the time of operation depending on the quantity and type of laundry introduced, allowing a significant saving of water and energy power, up to 30% compared to the versions with fixed load.		Automatic Load Balancing: provides an ideal distribution of laundry in the drum. In case if the imbalance is detected, the rotation speed starts being controlled in such way to evenly redistribute laundry in the drum, and thus reduce vibration.
	Sommige modellen zijn voorzien van een functie om het programma/de cyclus te blokkeren zodat het niet per ongeluk kan aangepast worden.		LED display: to show programmes, functions and options selected and the time to the end of the cycle.
	34 cm: Large loading hatch of 34 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.		This option advises when the periodic cleaning of the filters is needed, in order to avoid forgetfulness and thus guarantee the perfect functioning of the dryer over time. The convenient position of the filters makes maintenance fast and extremely simple.
	De evolutie van Smeg vaatwassers naar meer intelligente en milieuvriendelijke modellen heeft ertoe geleid om de inverter technologie te gebruiken, die een significante energie- en geluidsbesparing met zich meebrengt.		Prewash: program designed for heavily soiled garments.
	Antiallergic: Antiallergic program with particular attention to the total removal of residual detergent.		Cleaning programme: A cleaning programme has been created to maintain the performance of washer/dryers. The display shows automatically when cleaning is required.
	Cotton: For soiled fabrics in cotton		Use to wash your normally soiled, durable cotton and linen laundry. Although it washes longer than all other programmes, it provides high energy and water savings. Actual water temperature may be different from the stated wash temperature. When you load the machine with less laundry (e.g. ½ capacity or less), programme time may automatically get shorter. In this case, energy and water consumption will decrease more, providing a more economic wash. This programme is available in the models with the remaining time indicator.
	To drain the water in the machine.		Mixed fabrics: this cycle is designed for lightly soiled laundry in a mix of cottons and synthetics, or can be used just to refresh stored items.
	Super fast 14 min.: a programme designed to wash small amounts of laundry fast, ideal for washing lightly soiled garments.		Refresh: an ideal program to refresh the garments that have been kept for a long time indoors and eliminate unpleasant odors, without having to wash.
	Extra rinse: The Extra rinse option: can be added to the selected programme when more thorough cleansing of special fabrics is needed.		Shirts: a cycle to wash shirts in a short time with the utmost care, using a delicate spin for easy ironing.

Synthetics: to wash your synthetic clothes (shirts, blouses, synthetic/cotton blends, etc.). It washes with a gentle action and has a shorter washing cycle compared to the Cottons programme. For curtains and tulle, use the Synthetic 40°C programme with prewash and anti-creasing functions selected. As their meshed texture causes excessive foaming, wash the veils/tulle by putting little amount of detergent into the main wash compartment. Do not put detergent in the prewash compartment.

Wool: this programme for wool or delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.

Option that allow to reduce times of the selected program.

Steam Option: the steam is perfect for smoothing out creases, refreshing fabrics, neutralizing odors and releasing dirt, destroying allergens more quickly than by washing the item in water.

Volumeplus: Smeg offers models with load up to 8 kg, while maintaining the best washing results, and providing low energy consumption.

Energie-efficiëntieklasse

Drum has maximum capacity of 10kg of dry laundry.

Benefit (TT)

Large capacity

Large capacity to handle heavy loads with advanced programs for impeccable results every wash

15 programmes

Up to 15 programmes to meet every daily need

LED Display

With soft touch control and LED lights for intuitive and fast setting and selection of each option

Steam Energy Technology

Perfect removal of stains, smells, creases and allergens using steam

Steam Energy technology, uses steam, at the beginning or end of the cycle depending on the programme, to remove stains, creases, smells and allergens.

Inverter

Greater energy efficiency, lower consumption, and longer lifespan by reducing wear and noise thanks to the Inverter motor

Giant door

Increased convenience and versatility, making loading and unloading laundry easier thanks to the new giant door opening
