

**Product fiche concerning the Commission Delegated Regulation (EU) No 65/2014 of 1 October 2013  
and COMMISSION REGULATION (EU) No 66/2014 of 14 January 2014**

|                                                                                     |                  |
|-------------------------------------------------------------------------------------|------------------|
| Supplier name or brand                                                              | SMEG             |
| Product code                                                                        | CX93IMBL         |
| Energieklasse primaire oven                                                         | A                |
| Aantal ovenruimtes                                                                  | 2                |
| Energy efficiency index                                                             | 102.5            |
| Energie-efficiëntieklasse                                                           | A                |
| Energy consumption per cycle in conventional mode                                   | 1.13 kWh         |
| Energieverbruik per cyclus in geventileerde functie                                 | 0.83 kWh         |
| GAS - Energy consumption conventional mode                                          | 4.07 MJ          |
| GAS - Energy consumption in forced air convection                                   | 2.99 MJ          |
| Heat source first cavity                                                            | Elektriciteit    |
| Inhoud                                                                              | 61 l             |
| Energy Efficiency Index, second cavity                                              | 127.2            |
| Energy efficiency class, second cavity                                              | B                |
| Energy consumption per cycle in the forced convection of the second cavity          | 1.03 kWh         |
| Gas - Energy consumption per cycle in convection of forced air in the second cavity | 3.71 MJ          |
| Heat source second cavity                                                           | Elektriciteit    |
| Inhoud 2e ovenruimte                                                                | 62 l             |
| Product mass                                                                        | 86.400 kg        |
| Type kookplaat                                                                      | Inductie         |
| No. of cooking zones/areas and/or gas burners                                       | 4                |
| Zone 1                                                                              | Linksvoor        |
| Zone 2                                                                              | Linksachter      |
| Zone 3                                                                              | Rechtsachter     |
| Zone 4                                                                              | Rechtsvoor       |
| Zone 5                                                                              | Rechts           |
| Technologie 1e kookzone                                                             | Inductie - enkel |
| Technologie 2e kookzone                                                             | Inductie - enkel |
| Technologie 3e kookzone                                                             | Inductie - enkel |
| Technologie 4e kookzone                                                             | Inductie - enkel |
| Technologie 5e kookzone                                                             | Verwarmingszone  |
| Diameter or length/width of zone 1                                                  | 18.0 cm          |
| Diameter or length/width of zone 2                                                  | 18.0 cm          |

woensdag 26 augustus 2026

|                                    |           |
|------------------------------------|-----------|
| Diameter or length/width of zone 3 | 18.0 cm   |
| Diameter or length/width of zone 4 | 18.0 cm   |
| Energieverbruik 1e zone            | 185 Wh/kg |
| Energieverbruik 2e zone            | 185 Wh/kg |
| Energieverbruik 3e zone            | 185 Wh/kg |
| Energieverbruik 4e zone            | 189 Wh/kg |
| Energieverbruik kookplaat          | 186 Wh/kg |
