

Product fiche concerning the COMMISSION DELEGATED REGULATION (EU) No 392/2012 of 1 March 2012

Supplier name or brand	SMEG
Product code	DHT83LIN
Load capacity for the standard cotton program (full load)	18 lbs
Type	condensation
Energy efficiency class	A+++
Annual energy consumption, based on 160 drying cycles of the standard cotton program (half- and full-load), and consumption of the low-power modes. Actual energy consumption per cycle will depend on how the appliance is used.	176 KWh
Energy consumption - Standard cotton program (full load)	1.42 KWh
Standard cotton program energy consumption (full load)	0.81 KWh
Off-mode power consumption for standard cotton programme (full-load)	0.5 W
Standard cotton program energy consumption when appliance is left on (full load)	1.0 W
Stand-by mode duration	30 min
Standard cotton program duration (full load)	174 min
Standard cotton program duration (half-load)	108 min
Cotton program duration (full- and half-load)	136 min
Condensation efficiency class on a scale from G (least efficient) to A (most efficient)	A
Condensation efficiency of the standard cotton program (full-load)	91 %
Condensation efficiency of the standard cotton program (half load)	91 %
Standard cotton program condensation efficiency (half- and full-load)	91 %
Sound power level for the standard cotton program (full-load)	65 dB(A) re 1pW
Installation	Free-standing
