

**Product fiche concerning the COMMISSION REGULATION (EU) No 66/2014 of 14 January 2014**

---

|                                                     |                       |
|-----------------------------------------------------|-----------------------|
| Supplier name or brand                              | SMEG                  |
| Product code                                        | HOB482D               |
| Tipo de placa de cocción                            | Eléctrico             |
| N.º de zonas/áreas de cocción y/o quemadores de gas | 4                     |
| Posición zona 1                                     | Anterior izquierda    |
| Posición zona 2                                     | Posterior izquierda   |
| Posición zona 3                                     | Posterior derecha     |
| Posición zona 4                                     | Anterior derecha      |
| Tecnología de calentamiento zona 1                  | Inducción - Multizona |
| Tecnología de calentamiento zona 2                  | Inducción - Multizona |
| Diameter or length/width of zone 1                  | 27.0x36,5 cm          |
| Diameter or length/width of zone 2                  | 27.0x36.5 cm          |
| Consumo energía 1º zona                             | 192.0 Wh/Kg           |
| Consumo energía 2º zona                             | 192.0 Wh/Kg           |
| Consumo energía encimera                            | 192.0 Wh/Kg           |

**Product fiche concerning the COMMISSION REGULATION (EU) No 66/2014 of 14 January 2014**

---

|                                                                    |            |
|--------------------------------------------------------------------|------------|
| Supplier name or brand                                             | SMEG       |
| Product code                                                       | HOBD482D   |
| Consumo anual de energía                                           | 28.7 kWh/a |
| Clase de eficiencia energética del modelo                          | A++        |
| Efficienza fluidodinamica                                          | 37.60      |
| Classe di efficienza fluidodinamica                                | A          |
| Lighting efficiency                                                | 0.0 lux/W  |
| Lighting efficiency class                                          | NA         |
| Efficienza di filtraggio dei grassi                                | 85.1 %     |
| Grease filtering efficiency class                                  | B          |
| Airflow at minimum speed level                                     | 245 m³/h   |
| Portata d'aria alla velocità massima                               | 505 m³/h   |
| Airflow at intensive speed level                                   | 700 m³/h   |
| Sound power emissions at minimum speed setting                     | 51 dBA     |
| Sound emissions at maximum speed setting                           | 65 dBA     |
| Noise emissions at intensive speed                                 | 72 dBA     |
| Off-mode power consumption                                         | 0.49 W     |
| Time increase factor                                               | 0.6        |
| Energy efficiency index                                            | 32.8       |
| Airflow at maximum efficiency point                                | 328 m³/h   |
| Pressione d'aria misurata nella condizione di massima efficienza   | 540 Pa     |
| Potenza elettrica assorbita nella condizione di massima efficienza | 131 W      |
| Potenza nominale del sistema di illuminazione                      | 0 W        |
| Cooktop lighting                                                   | 0 lux      |
| Noise level at highest setting                                     | 65 dBA     |
