

MIDR7RA-2

Product family	Taps
Material	Brass
Swivelling spout	Yes
Swivelling spout rotation	180 °

Aesthetics

Aesthetic	Coloniale	Handshower	Mobile semi-professional
Colour	Copper	Jet type	Double jets
Finishing	Copper	Aerator	Yes
Spout type	Spring spout	Flexible hoses number	2
Tap type	Semi-professional single lever		

Technical Features

Characteristics	ESC, WSC	Minimum pressure	1 bar
Flexible hoses lenght	500 mm	Optimal pressure	3 bar
Flexible hoses connection	3/8 "	Water production (l/min)	12 l
Ceramic disc cartridge type	35 Ø	Tap hole diameter	35 mm
Maximum pressure	5 bar		

Logistic Information

Product height (mm)	550 mm
---------------------	--------

Not included accessories

STABMIX
Tap stabiliser

Benefit (TT)

Mobile shower semi-professional

Practical mobile shower to easily reach every point of the sink

The mobile shower of the semi-professional taps with high spout allows you to easily reach every point of the sink for more practical and comfortable use, as well as easier cleaning

Energy Saving Cartridge

Energy saving thanks to the special Energy Saving Cartridge (ESC) function

With the ESC function, the tap lever set in a central position supplies only cold water, instead of mixed cold and hot water as usual, saving in energy consumption. For hot water, the lever must be turned to the left

Water Saving Cartridge

Water consumption can be reduced thanks to the special Water Saving Cartridge (WSC) function

With the WSC function, the tap lever stops first halfway, providing only 50% of the normal water flow, reducing water consumption. It is possible to deliver 100% water flow by completely opening the tap lever

Spout rotation 180°

Double jet

Double jet shower to meet different needs in the kitchen

The double jet shower offers the possibility of simply switching between standard and spray modes for greater convenience and versatility
